Why CroisiEurope?

EUROPE'S LARGEST RIVER CRUISE LINE

Since 1976 CroisiEurope has pioneered river cruising on the most beautiful waterways in Europe, and is Europe's largest and most experienced river cruise line. When you sail with us, you can relax and know that you will be well taken care of.

A VARIETY OF PRODUCTS AND DESTINATIONS

From a 3-day city break to walking cruises or 18 days along the Danube, we offer a unique variety of cruises to the most interesting destinations.

EXCLUSIVE DESTINATIONS

From Spain's Guadalquivir river to France's Loire Valley, we continue to be the first and often only line to offer such unique destinations.

Best value for money

Since 1976, CroisiEurope has been offering quality cruises at affordable prices, giving our customers the opportunity to cruise the world's most beautiful waterways.

CroisiEurope takes you away for so much less yet offers so much more

As an independent, family-owned business, we are able to provide great value for money as we handle the entire operation from beginning to end: from the design and building of our ships and fleet maintenance, to creating cruise itineraries, sales and marketing and highly trained staff and crew.

This gives us the ability to manage our costs carefully and allows us to provide you with exceptional value for money.

Additionally, we concentrate on things that matter most: friendly and knowledgeable staff, well-appointed, comfortable cabins, reliable and safe ships, excellent food, incredible itineraries and a delightful experience of European culture.

Each member of our crew is a highly trained professional with a passion for what they do and a commitment to excellence.

Inspired itineraries include iconic favourites, fascinating optional excursions with knowledgeable guides, as well as an opportunity to explore lesser known places and immerse yourself in local culture. While most of our sightseeing tours show you the must-see sights, we also offer options for our active guests.

Providing exceptional dining is our passion. Our head chef Alain Bohn, a long-time member of La Chaîne des Rôtisseurs and Maitres

Cuisiniers de France, and our onboard culinary team strives to tempt your taste buds with classical favourites and local delicacies paired with a generous selection of wines from each region the ships are sailing through.

Our Cruise Managers and on-board hosts take care of every detail.

The CroisiEurope difference

At CroisiEurope we go out of our way to provide you with everything you need at highest possible comfort standards, at the same time searching out unique experiences to make your voyage with us an unforgettable cruise experience.

Entertainment on board

While your CroisiEurope cruise is all about discovering wonderful destinations, however on many days there will be an enjoyable or informative distraction to add an extra dimension to your voyage. A traditional evening of entertainment with a "Titi Parisien" theme or an evening with songs and guitars that capture the spirit of La Camargue. Dinner in Spain may be accompanied by

a guitar player from the region. A classical string quartet could come aboard in Germany, or an entrancing fado singer in Portugal. On the Volga, you can choose to take part in a tea drinking ceremony or Russian classes.

Or simply do nothing except relax to some light music in the lounge; there's never an obligation to join in.

Our cruises offer excellent value and include so much in the price:

- Your cruise from embarkation to disembarkation in a double occupancy en-suite cabin with flat screen TV with international channels for news and music.
- Delicious self-service buffet breakfast.
- Lunch and dinner menus created by our head chef, who is a member of the renowned Chaîne des Rôtisseurs de France as well as Maitres Cuisiniers de France. We can accommodate a range of diets (vegetarian) and dietary restrictions such as gluten-free, if notified at time of booking.
- Unlimited drinks onboard on all our main season cruises and certain other itineraries where noted.
- Complimentary drinks include mineral water, fruit juices, soft drinks, tea, coffee, beer, most spirits and a large selection of house wines. Not included are premium brands listed on our drink menus.
- Complimentary Wi-Fi onboard.
- Multi-lingual cruise manager and hostess at your disposal.
- All port fees.
- Travel assistance and repatriation insurance.

Alcohol can be dangerous to your health. Please drink in moderation.
Note: Included features may vary based on ship and destination.

Travel Insurance Advice

For your peace of mind and well-being, we strongly advise that you purchase travel insurance to cover you for trip cancellation or interruption, medical expenses and lost or damaged luggage. Please ask your cruise specialist or travel agent at time of booking.

Life on board & Cuisine

French cuisine, European flair

We carefully design and plan our cuisine and menus in the pure tradition of fine French gastronomy. Each meal on your cruise will give you a delightful experience of French haute cuisine. For our gastronomic cruises, such Michelin-starred greats as Marc Haeblerlin and the expert staff surrounding Paul Bocuse have been happy to join forces with CroisiEurope to take you on a memorable culinary voyage.

Since 2013, CroisiEurope's head chef, Alain Bohn, has been a member of the Maitres Cuisiniers de France. This esteemed French association, created more than 50 years ago, includes only 250 chefs worldwide.

On our cruises outside of Europe, our Chefs prepare local cuisine, colorful and tasty, while adapted to Western tastes.

CROISIEUROPE'S HEAD CHEF, ALAIN BOHN

Cabins

After dinner, retire to your private cabin in comfort for the night: all our tastefully decorated cabins are equipped with air conditioning, central heating, shower/toilets, satellite TV, safe, hairdryer— each providing a view of the river. Some cabins have French balconies or private terraces.

Our fleet of Premium ships offer additional comfort providing more space in the cabins.

In order to satisfy the requests of our passengers, we now offer the choice between 3 categories of cabins:

Category A: premium location

Category B: intermediate location

Category C: standard location and cabin can be slightly smaller in size

This concerns all our ships except the canal barges, the ocean ship "La Belle des Océans" and the fleet of exotic river ships.

Buffet Breakfast

Your day will start with an impressive self-served buffet breakfast in the onboard restaurant, which may include pastries, coffee, tea, juice, breads, jams and jellies, a variety of sausages and cold cuts, eggs, fresh fruit, and yogurt.

Want to relax: choose between lounge bar & sun deck

Why not enjoy one of our lounges? A good place to spend time socializing indoors with friends or family, or enjoy some entertainment. On board our 3-deck ships, the piano bar is the ideal place to enjoy a cocktail, choose a book from the library, listen to or play the piano.

The sun deck offers a panoramic view of the landscape's beauty as you cruise and sun loungers are available to enjoy this view. On some ships, a swimming pool or a jacuzzi are also at your disposal to relax.

Service & languages

We have a dedicated and knowledgeable staff of more than 1,300 people, whose conviviality, attentiveness and professionalism ensure that your voyage will be comfortable and pleasurable. Our staff and crews speak French, English and many of them speak other major European languages as well.

Gratuity

Tipping customs vary from country to country and culture to culture, and we understand that tipping is a way for passengers to show appreciation for services, quality and attention received during the cruise. To leave a tip, please use the envelope found in your cabin your last evening on board, and place this envelope in the specially designated box in the reception area as you disembark with the understanding that tipping is entirely at your discretion*.

Just sit down and let us take care of you

Lunch and dinner will be 3-course sit down meals prepared by our chefs. We serve a fixed menu of local specialties, prepared on a daily basis from fresh ingredients. Both lunch and dinner meals are paired with excellent complimentary wines. We do provide meals for people with food allergies or special dietary needs.

* Apart from our cruises on the Ganges and the Nile for which tips are already included.

Taking care of our environment

CroisiEurope's longstanding environmental position focuses on nature as our most valuable asset. We consider ourselves pioneers in our field, as our commitment to protecting the environment goes above and beyond our legal obligations. We are continually reflecting on how we can **expand our green efforts**.

After conclusive tests carried out on the Seine River with our partner AS Energy, **our ships now use GTL fuel**. Gas-to-Liquid fuels combust more uniformly and result in lower emissions.

This **transformation has already been set up** on the Seine and will soon be introduced on our other ships. Here are other environmental initiatives we would like to share with you:

- Installation of **water-saving devices** on our ships that reduce freshwater consumption by 35% and, as a consequence, the amount of wastewater produced.
- Installation of **wastewater evacuation systems** on our entire fleet that are emptied into wastewater treatment facilities or urban sewer systems during ports of call.
- **Installation of a wastewater recipient** connected directly to the city sewer system at the CroisiEurope dock.

- All of our ship engines (**Green Ship Label**) respect the strictest European standards against pollution to help reduce greenhouse gas emissions.
- The latest onboard technology helps **limit fuel consumption** when cruising.
- We have insulated the ventilation in our engine rooms to **reduce noise pollution**.

- For the **replacement of bath towels**, we are trying to raise our passengers' awareness using written messages and announcements.
- CroisiEurope follows the criteria outlined by **Imprim'Vert** in regards to **environmentally friendly printing**. All of the documents printed at our company is done so with **vegetable-based inks on unbleached paper**.

- At ports, we systematically connect to **power supply terminals** (Powerlock connectors) whenever possible, and for our own docks, we are investing in these newer installations. In addition, most of our ships are equipped with **energy-efficient electrical devices**.

- In winter, our ships are moored at **river ports with electrical terminals** that power the vessels, which helps reduce noise and pollution.

- In Paris, we are providing excursions on **electric buses** that are quieter and pollute less, to everyone's advantage.

- All of **our waste is sorted and compacted** on board before being **recycled**.
- **Used engine oil is collected and transformed** by onshore specialists.
- We use **biodegradable and environmentally friendly cleaning products**.
- **Exterior paints contain no pollutants**.
- Plastic straws and cups have been replaced by **biodegradable paper**.

- Our company is affiliated with **E2F, Entreprises Fluviales de France** which brings together players in our sector to orchestrate collective actions regarding the immense challenges that lie ahead.

CLASSIC EXCURSIONS

CABOURG AND THE CÔTE FLEURIE

LENGTH: 4 hours

A string of modest to chic seaside resorts lines the portion of the Norman coast known as the Côte Fleurie. We'll visit romantic Cabourg and its beach, where the ambiance of the belle époque can still be seen and felt. In 1853, Parisian financiers began construction of its hotels and casinos on the barren expanse of seafloor, and it soon became the place to be seen for the upper crust of French society in the 19th century. Marcel Proust found his inspiration for his greatest work, *In Search of Lost Time*, in Cabourg. In homage to Proust's memory of eating a madeleine in his novel, we'll enjoy a snack of the famous French cake.

CHARMING VILLAGES IN THE PAYS DE CAUX REGION

The Pays de Caux is famous for its white chalk cliffs bordering the English Channel, but you'll discover much more of the region on this tour, including the vast fertile fields of grains and prairies of wildflowers. Veules-les-Roses is a lovely seaside village tucked away in a bucolic valley that was once a coveted holiday spot for French artists such as Victor Hugo. The traditional Norman-style houses and ancient watermills are the backdrops to the laid-back atmosphere still found today. Our next stop will be Dieppe, a vibrant maritime city rooted in French art and history. The seafloor is a palette of colors and a great place to stroll to take in the seaside atmosphere. We'll have lunch in a local restaurant. Our last stop will be Varangéville-sur-Mer and the breathtaking scenery and views from its cliffs. The village itself extends over several small green valleys dotted with pretty homes. At the end of the picturesque drive lies a small church with an unsurpassed outlook over the sea.

The library restores the industrious atmosphere by which Napoleon Bonaparte enjoyed to be surrounded. The council room is shaped like a military tent where receptions, dances and country-style games took place. The musical lounge offers Josephine's "troubadour" paintings and her well-known harp for visitors to admire. The Napoleonic museum was inaugurated in 1906. It is furnished, decorated and adorned with the paintings that Joséphine bought and loved. The charm and authenticity that have been preserved in this castle will certainly delight you.

CRUISE REF. SEN_PP.

THE PALACE OF VERSAILLES

LENGTH: 3.5 hours

We'll leave by coach with our hostess for a visit to the Palace of Versailles. Listed as a World Heritage Site for thirty years, Versailles is considered to be one of the finest achievements of French art from the 17th century. Until the French Revolution, one king followed another, each embellishing the Palace in his turn. Upon arrival, your guide will take you through the King's Grand Apartment. These seven successive rooms were intended to serve as a Parade Apartment for the sovereign's official business. Afterwards, you'll go through the Hall of Mirrors, known in the 17th century as the "Great Gallery" and which was where courtesans would wait, meet or just pass through every day. The principal feature of this hall is the seventeen mirror-clad arches that reflect the seventeen arcaded windows that overlook the gardens. You tour will end with a visit to the Queen's Apartments, where the Queen would host the ladies of the Court when she rose in the morning and granted private audiences. After visiting the Palace, you will still have a little free time to discover the fabulous formal French gardens created by André Le Notre for Louis XIV.

Closed on Mondays, replaced by the Malmaison Château.

TOUR OF BARBIZON

LENGTH: 5 hours

We will leave by coach for Barbizon, tucked along the western corner of the forest of Fontainebleau. This charming village found fame in the 19th century through the works of art created by landscape painters who were members of the Barbizon School art movement. A stroll through the lush forest renders a snapshot of the rocky chaos painted by Jean-Baptiste-Camille Corot and the old oak forests where Simon Mathurin Lantara raised his cows. In the center of the village, we'll stop by the Auberge Ganne, a period museum that recreates the atmosphere of the time the artists were in residence. The museum's permanent collection includes works by Théodore Rousseau, Jean-François Millet, Narcisse Diaz de la Peña, Constant Troyon, and Charles Jacque, to name just a few. We'll tour Millet's studio, where the artist produced some of his most famous work—including The Angelus and The Gleaners. After our excursion, we'll return to the ship.

CRUISE HIGHLIGHTS

- CroisiEurope spearheaded river cruise vacations in France
- Cruise all the way to the Gironde Estuary and Royan
- Exceptional French heritage: second only to Paris for the number of historical sites
- Bordeaux wine country: over 290,000 acres of vineyards, 60 Protected Designations of Origin, and 8,000 wine makers

The Garonne & Dordogne Valleys

The Gironde Estuary in southwestern France is where the Garonne and Dordogne Rivers meet. It is the entryway to Bordeaux, known throughout the world for its exquisite wines—including famous protected designations such as Blaye, Pauillac, Saint-Estèphe, and Médoc. Royan is ideally located at the mouth of the Gironde estuary, allowing you to discover the famous seaside towns of Rochefort and La Rochelle.

The Gironde is also known for its diverse landscapes.

On the left bank we find vineyards sitting above the bottomlands, and dunes and marshes close to the sea. On the right bank, steep cliffs and rolling hills contrast the lower lands on the opposite side, while the great swamps are located to the north.

CLASSIC EXCURSIONS

A GUIDED TOUR OF THE ROYAL MONASTERY OF BROU AND THE MEDIEVAL CITY OF PÉROUGES

LENGTH: 5 hours

We'll leave Belleville by coach for the Royal Monastery of Brou. Discover why this Flamboyant Gothic-style church was voted the French public's favorite monument in 2014. After the death of her beloved husband, Philibert the Handsome, Margaret of Austria decided to build a mausoleum complex for the sumptuous tombs of Philibert, his mother, and herself. She commissioned some of the best architects in Europe to work on the structure from 1505 to 1532 when it was completed. The delicate stonework found inside and outside the church resembles fine lacework. The tombs themselves, created by Conrad Meit, are a fascinating study of history and art. We'll then continue on to the medieval city of Pérouges, listed as one of the most beautiful villages in France. Pérouges sits atop a small hill that overlooks the Ain River in the distance. The cobblestone streets and medieval homes were built over six centuries ago and truly feel like something straight out of a classic novel. The Place du Tilleul, home to a linden tree that is over 220 years old, is the quintessential spot to take in the village's timeless charm.

CRUISE REF. PEI_PP.

AIX-EN-PROVENCE AND THE WONDERS OF PAUL CEZANNE

LENGTH: 5 hours

We'll leave by coach for Aix-en-Provence. At the foot of Mount Sainte-Victoire and surrounded by impeccably preserved countryside dotted with Provençal fortified towns, lies Aix-en-Provence. Mount Sainte-Victoire itself is a symbol of the bucolic landscapes so many artists have used as inspiration. Aix-en-Provence was founded by the Romans in 123 BC and is considered the historical capital of the region. Aix today shows off its rich architectural heritage through the superbly restored and maintained bourgeois homes, small squares bursting with flowers, private mansions, and ancient fountains. Paul Cézanne, whom many consider the father of modern art, was born here. We'll follow the footpath marked with "C" from the home where he was born to his final resting place. This tour takes you to the highlights of his childhood as well as the cafés where he found inspiration among his friends and fellow artists. At the end of our stroll, we'll enjoy a tasting of the city's most famous delight, the Calissons.

We'll set out on foot with our guide for the center of Avignon, first stopping at the Place de l'Horloge. We'll continue on to the Place du Palais for our visit to the Papal Palace, the most important monument in the city. The two parts that make up the Palace were built by Pope Benedict XII and his successor Pope Clement VI. Our visit will take you through the staterooms where numerous ceremonies and feasts took place, the chapels, the Pope's private apartments and the terraces which offer a wonderful panorama on Avignon and the Rhône River.

When we arrive in Beaune, we'll first visit the famous hospice, founded by Chancellor Nicolas Rolin during the extreme poverty and plague that hit the region in 1443. It remained a working hospital overseen by the Holy See up through the 20th century, with the daily activities run by nuns known as Les Soeurs Hospitalières. Now a museum, it contains over 5,000 objects, including a dazzling polyptych altarpiece of The Last Judgment by Rogier van der Weyden. The hospice is also well known for their more than 148 acres of vineyards, most of which are located in prestigious appellation areas. As anticipated, our tour will finish up with a tasting of a selection of these wines.

CASSIS AND WINE TASTING

CLUNY ABBEY

LENGTH: 3 hours

We'll leave by coach with our guide towards Cluny Abbey. Founded in 910 by William the Pious, this ancient Benedictine abbey extended a widespread influence on all of medieval Europe. Its church was the largest in all of West Christianity until the construction of Saint Peter's basilica in Rome. In 1798, the abbey was sold as a national asset and thus dismantled, while its church was almost completely destroyed. Today, you can still admire their vestiges which bear witness to the past splendour of Cluny.

FOLLOWING THE FOOTSTEPS OF ALPHONSE DE LA MARTINE IN MÂCON

FOLLOWING THE FOOTSTEPS OF VAN GOGH IN ARLES

LENGTH: 2 hours

We'll leave on foot for a guided tour of Arles following the footsteps of Vincent Van Gogh. Arles is an ancient Roman city whose ruins are second only to Rome and include the Antique Theater, Amphitheater, Thermes of Constantine, and the Alyscamps. Arles is also an important stop along the Way of St. James. Vincent Van Gogh came to Arles to escape the gray winter in Paris and the indifference he felt within the artistic milieu there. He arrived in Arles on February 20, 1888, and immediately began to produce his most prolific number of works in his career: more than 300 paintings and drawings within an 18-month period. Van Gogh crisscrossed the city and its surroundings to paint the landscapes, people, and scenes as he interpreted them. Everything around him served as inspiration for his canvases. Our tour will retrace his steps to the different sites where he set up his easel, such as the Place du Forum, the Quai du Rhône, and Place Lamartine. Panels at each stop compare his painting and the actual scene as it appears today. After some free time on your own, we'll return to the ship.

GORDES AND THE SÉNANQUE ABBEY

LENGTH: 4 hours

We'll leave by coach for a visit to Gordes. Located in the heart of the Provençal countryside, Gordes has been awarded the label of "One of the Most Beautiful Villages in France". Its cobblestone streets and dry-stone wall homes are typical of the region. The church, built in 1525, and castle dominate the lush scenery in the valley. The tiny center and homes perched along the hillside form a stone labyrinth waiting to be explored. We'll then continue on to Sénanque Abbey, a fantastic example of Cistercian work. The abbey was founded in 1148 by Cistercian monks from Mazan, located in the Ardèche region. The monks of today continue to uphold their monastic tradition of lives dedicated to prayer and labor as dictated by the Rule of Saint Benedict. Each monk performs a duty within the structure of the monastery, which itself is focused on the cultivation of lavender. After the flower is harvested in July and August, the monks extract the scent as an oil, which they then use to produce various products, including perfume. At the end of our tour, we'll return to the ship.

LES BAUX-DE-PROVENCE AND THE QUARRIES OF LIGHT

LENGTH: 4 hours

We'll travel by coach to one of the most beautiful villages in France, Les Baux-de-Provence, located on a plateau in the heart of the Alpilles mountain range. The village overlooks the exceptional scenery leading to Arles, the Camargue, and the Alpilles Regional Nature Park. Les Baux is one of the must-see sites when visiting Provence. The village became well known after World War II when Raymond Thuillier opened the gastronomic restaurant "Oustau de Baumanière," which welcomed celebrities and famous politicians at the time. The entire village was placed under the protection of the French Ministry of Culture and Environment in 1966. Since then, it has become the ultimate tourist destination and has been listed as one of France's most beautiful villages. At the foot of the village lies the Val d'Enfer, a valley formed by erosion. Within the valley is an old limestone quarry that was used to build the village and was the inspiration or backdrop for many works, including Dante's poem The Divine Comedy and Jean Cocteau's Testament of Orpheus. Today, it serves as the scene for a giant multimedia show where music and colors bring to life the amazing works of Picasso, Klimt, and Van Gogh.

MARCEL PAGNOL'S MARSEILLE

LENGTH: 5 hours

We will leave by coach for Marseille. Founded by the Greeks in 600 BC, Marseille is the oldest city in France. The Romans left quite an influence, too, as Marseille developed into a melting pot of cultures drawn to trade in what is now known as the Old Port. Even today, the port is a must see for its fish market and lively ambiance. La Canebière, Marseille's famous street full of restaurants and stores, is just as popular. No one has brought Marseille to life more than Marcel Pagnol. He was born in nearby Aubagne, but studied in Marseille and set up his film studio here in the 1930s. In addition to his screenplays and films, he is known throughout the world for his semi-autobiographical novels, including *La Gloire de mon père* and *Le Château de ma mère*.

MARSEILLE

LENGTH: 4 hours

We'll leave by coach for an optional visit to Marseille, a city that seems to be a study in cultural and architectural contrasts. Beautiful, significant vestiges that have accumulated over the past 26 centuries mark each neighborhood and district. Just by walking its streets, visitors get a feel for the city as it began under the Greeks and Romans up to the prestigious architectural feats of the 19th century. This tour gives a good overview of the monuments, sites, and museums to discover. We'll check out La Canebière, Marseille's famous street full of restaurants and stores. After, we'll head to the pretty Old Port and then up to the majestic basilica that overlooks the city. The basilica took 21 years to complete. The lower crypt is carved from the rock in the Romanesque style, while the upper structure is Neo-Byzantine decorated with mosaics. THE PALAIS IDÉAL DU FACTEUR CHEVAL

LENGTH: 3.5 hours

We'll head out on an excursion to the Palais Idéal du Facteur Cheval, a monument built by a postman from 1879 to 1912. No other building like it exists in the world, which is why it attracts the curiosity of visitors from all over. Cheval's challenge began in 1879 when he tripped over a stone. He took the stone home with him to examine its structure closer. The next day he went back to the same spot and found more sandstones that had been sculpted by nature. For the next 33 years, he picked up stones during his daily rounds and brought them home to add to his palace. In addition to building the structure with his own hands, Ferdinand Cheval personalized the palace with poetic texts describing his feat. After our excursion, we'll return on board the ship.

VIENNE

LENGTH: 2 hours

Our guided walking tour of Vienne will allow us to discover a Roman city rich in vestiges. The history of Vienne goes back more than 2,000 years. The city is indivisible from the Rhône River and the surrounding hills. The Allobrogi people are thought to have made it their capital, but it was in the Roman era that the city began to prosper on both banks. You will see the Antique Theatre; built roughly between 40 and 50 AD, it is considered one of the largest in the Roman Empire, with its 130m-diameter and 13,000-spectator capacity. Restored in 1938, it was returned to its original function and is now a venue for artistic events. The tour will continue with the Temple of Augustus and Livia (exteriors only). This temple dedicated to Rome and Augustus stood in a sacred area on the forum and has carried this name since the end of the 18th century. Its construction began about 20-10 BC; it was later transformed at the beginning of the Middle Ages into a church, and was finally restored in the second half of the 19th century thanks to the intervention of Prosper Mérimée. Finally, to complete the tour, you will see the Cathedral of St Maurice (exteriors only), which has been listed as a historic monument since 1840.

NORTHERN EUROPE

Holland and Belgium

A cruise through Holland in the spring is everything you imagine: magnificent fields of tulips, eclectic Amsterdam, historic Rotterdam and windmills at every twist and turn.

A cruise through Belgium is a Jacques Brel melody coming to life: Brussels, a potpourri of Gothic, Renaissance, classic, and contemporary architecture, and bustling Antwerp. Our cruises also bring you the best savory and sweet delights to be found in both countries.

The Rhine and its tributaries

The Rhine was the first river CroisiEurope cruised on, and it remains our flagship destination even today. The Rhine is the ultimate European experience, bar none. The river begins in the Alps and ends over 1,350 km further along in the North Sea.

The romantic Rhine Valley offers fairytale-like landscapes dotted with castles, rolling vineyards, and picturesque villages. Discover Europe on one of the most enchanting, romantic, scenic, and natural rivers in the world.

THE WINDMILLS OF KINDERDIJK

LENGTH: 4 hours

We'll leave by coach to visit the windmills of Kinderdijk. It's the only place in the world where we can see so many windmills in one place, and that's one of the reasons why they were listed as a prestigious UNESCO World Heritage Site in 1997. The mills were built in the 18th century to remove water from the polder as everything is below sea level. The Dutch are masters at water management, and this attraction is the best place to learn how they have dealt with their struggles against the sea over the centuries. The area was also the inspiration for a familiar children's game. Legend has it that after a flood in 1491, as someone from the local village was inspecting the damage, they saw a cradle floating in the water. As the floating cradle came nearer, a cat was seen trying to keep it balanced by jumping back and forth so that no water could get in. When the cradle came close enough for someone to pick it out of the water, they saw a baby quietly sleeping inside. This folktale is now well known as "The Cat and the Cradle".

URK AND SCHOKLAND

LENGTH: 4 hours

Our first stop will be charming Urk, where village streets seem frozen in time and you can still hear the local dialect. The most important monuments and the lighthouse are on the beautiful harbor. We'll then head to Schokland, once an island in the former Zuiderzee. Today, this UNESCO World Heritage Site is a symbol of Dutch resilience in their battle with water. The site is full of wonderful scenery and inspirational tales. Over 160 archaeological sites include churches, homes, businesses, barns, and a former harbor. Human footprints dating back over 4,000 years were unearthed in the area.

VOLEDAM AND ZAAANSE SCHANS

LENGTH: 4 hours

We'll leave by coach for Volendam, a charming village that has preserved its character for over six centuries thanks to the tough vitality of its fishermen. We'll visit a cheese factory in the area to discover how the famous Gouda cheese is made. We'll then head to Zaanse Schans, an open air museum with wooden windmills, barns, and houses. Don't miss the small but impressive clog museum that features one of the largest and most attractive collections of wooden shoes in the Netherlands. Take advantage of some free time before returning to the ship.

WITTENBERG

LENGTH: 4 hours

Lutherstadt Wittenberg is the home town of Dr. Martin Luther, the Great Reformer, and the city is affectionately known as the "Cradle of the Reformation". You'll discover the city centre and its noble Renaissance-style houses. Everywhere you turn, there's a spot associated with Martin Luther's life, and various sites throughout the city were added to the UNESCO World Heritage List in 1996. We'll visit Luther's house. Part of the Augustinian monastery in which Luther lived is preserved and considered to be the world's premier museum dedicated to Luther, including a permanent exhibition about the time of the Reformation.

In case the Luther House isn't open for visits, we'll take a tour of the Melancthon House instead.

BIKING THROUGH THE POLDERS

LENGTH: 3.5 hours

Take a bike tour of Hoor and its surroundings. Located on the banks of the IJsselmeer, Hoor was one of the important Dutch East India Company towns in 17th-century Holland. Hundreds of merchant ships left Hoor to sail across the world and return loaded with merchandise, especially spices such as peppercorn, nutmeg, clove and mace. Our guide will explain the city's celebrated past in detail. The outskirts of Hoor itself are dotted with biking and walking paths that cross the superb polders, following the river dykes and passing by old villages and the ancient Westfries Ommringdijk—an almost 800-year-old dyke. The Beemster polder, the first in the Netherlands and listed as a UNESCO World Heritage Site, is a masterpiece of creative planning and a superb example of the conflict the inhabitants have waged with water in this area. You'll get to see old windmills.

Attention: children are under the responsibility of their parents and must be autonomous by bike.

FRANKFURT, MAINHATTAN AND THE MAIN TOWER

LENGTH: 3 hours

Frankfurt is the largest financial centre in continental Europe, earning it the nickname "Mainhattan". During a panoramic tour of the city, you'll be able to admire the huge skyscrapers housing the headquarters of many international banks which create the city's famous skyline. We'll ascend the Main Tower, the most well-known skyscraper in the city, built entirely with a blue glass exterior. From over 656 ft. up, you'll be able to take in the glorious views of the city spread out below.

HIKING THROUGH THE VINEYARDS IN RÜDESHEIM

LENGTH: 3.5 hours

We'll go to the centre of Rüdesheim to catch a gondola lift to the Niederwalddenkmal, a monument built in the 19th century to commemorate the first unification of Germany. From there, you'll have a great view of the city, the vineyards and the Rhine. We'll hike through the vineyards to the Abbey of St. Hildegard, built in the early 20th century. You'll have some free time to explore the abbey before we return to the ship through the vineyards once more.

PANORAMIC HIKING IN COCHEM

LENGTH: 2 hours

We'll depart on foot for a walk along the Moselle before crossing the bridge leading to the old town of Cochem. You'll get to admire the picturesque streets lined with half-timbered houses, St Martin's Church, the Capuchin Monastery and Church and the marketplace. Our path will then lead us outside the town through a wild natural reserve all the way to Cochem Castle (Reichsburg) which overlooks the whole town. From there, we'll encounter gorgeous views over Cochem and the Moselle. We'll pass by the "Tummelchen" area, offering a view on the castle, before returning to our ship via the upper part of town.

PORSCHE MUSEUM

LENGTH: 3 hours

The Porsche museum began as a modest structure in the 1970s that could hold about 20 exhibits. Today's modern building holds over 80 exhibits of rare cars and historic models from the Porsche Dynasty. Learn about the company's founder, Ferdinand Porsche, and its past-to-present vehicles. The museum itself is a classy contrast of black and white that accents the vibrant colors of the cars. In addition to its emblematic models such as the 356, 550, 911, and 917, you'll discover some of the unfinished technical designs from Ferdinand Porsche.

CRUISE REF. SGN_PP / SNG_PP.

RHINELAND VINEYARDS

LENGTH: 3.5 hours

Leaving from Mainz, you'll travel to either Nierstein or Nackenheim to discover the largest German wine-growing territory in the area: the Rheinhessen. We'll settle in for an open-air wagon ride, where we'll be able to take in the magnificent views of the Rhine. We'll also enjoy a traditional bread, wine* and cold-cut snack from the region. We'll return on board the ship in Worms or Mainz depending on the program.

TECHNIK MUSEUM SINSHEIM

LENGTH : 4 hours

The Technik Museum Sinsheim opened in 1981. The museum's featured exhibits are an extraordinary collection of vehicles and aircraft, including an Air France Concorde and the Soviet-era Tupolev Tu-144. This unguided visit lets you take in the wonders at your own pace. Don't miss the 300 vintage cars and the Formula 1 collection. Other fascinating pieces include military tanks and equipment and mechanical organs.

THE TREETOP WALK IN THE BLACK FOREST

LENGTH : 4 hours

The Treetop Walk is a canopy walkway located in the heart of the Black Forest. The hike begins at ground level but progressively takes you into the air, culminating at a 131-foot observation tower. On our tour, our guide will take time to explain the plants and wildlife found in the region. Once atop, you'll be able to see the Swabian Alps, the Kraichgau region, and even the TV tower in Stuttgart. And if you are really daring, you can take the 180-foot tunnel slide to the bottom! (Additional cost to be paid on site).

We'll set out by coach for the spa town of Baile Herculane (lit: Hercules' Spa), starting with a panoramic tour along the river Cerna to admire the imposing statue of Hercules as well as some magnificent Baroque buildings. Enjoy some free time in the Spa town of Hercules⁽¹⁾, one of the oldest thermal spas in Europe, built by the Romans in the 2nd century BC. Its mineral and spa waters were discovered and exploited by soldiers of the Roman legions. Inspired by the healing qualities of the waters (with temperatures from 100°F/38°C to 154°F/68°C), they named this place Ad Aquas Herculi Sacras (the Holy Water of Hercules). According to legend, the mighty Hercules, after bathing in the thermal spring waters, saw an increase in his powers. After a coffee stop, we'll continue to Orsova. There, we'll visit the Roman Catholic cathedral, built in quite an unusual and non-conformist style, whose interior was painted in water colours by artist Gabriel Popa.

We'll be greeted by the villagers and enjoy a tasting of local specialities. The village has been entirely renovated according to the traditions and using materials from the region itself, restoring each house to its original appearance. Thanks to the Eko-Ethno Selo association, which launched the renovation of Stara Kapela, a large amount of old furniture and tools has been bought so that everyone can get an idea of what life used to be like. No cars nor phone signal are to be found in Stara Kapela whose very concept is to suggest a different lifestyle. Far from the usual rush and stress of urban life, we'll experience cohabitation and harmony with nature and traditional values. In Stara Kapela, we'll live an authentic and unforgettable throwback.

Saint Mark's Basilica is considered a Byzantine masterpiece, and for that reason, it is one of the most important churches in the city. Construction began in 1063 as a Byzantine-style edifice, which over the centuries was accented with Gothic arches and mosaics. Having seen it throughout the decades as a backdrop to scenes in movies, visitors flock from all over the world just to stand in the spectacular square.

VENICE AND THE DOGE'S PALACE

LENGTH: 2 hours

We'll set out for a guided tour of Venice, passing by St Mark's Square and the exteriors of St Mark's Cathedral. The Byzantine façades of the Cathedral will immediately draw your attention. The tour continues with the Doge's Palace, the residence of the Dukes of Venice and seat of the Venetian government from the 9th century until the Republic fell in 1797. Although there are no longer any traces of the 9th century Byzantine structures, the Palace as we see it today, richly decorated both on the outside and inside, dates back to the 14th century and is considered by many to be the finest in the world. You will then be able to admire the paintings of Tintoretto and Veronese from the top of the famous Golden Staircase before walking through the Grand Council Chamber and out onto the balcony with its fantastic view over the city. You will cross the famous decorated Bridge of Sighs which leads to the prison.

VERONA AND THE AMPHITHEATRE ARENA

LENGTH: 6 hours

Verona: a splendid city of art, surrounded by traces of ancient history and the mythical dimension bestowed upon it by the tragedy of Romeo and Juliet. The Romans founded the city in 49 BC and built many of its grandiose works such as the amphitheatre-the third largest in Italy. We'll leave for our tour from Polesella and begin with a panoramic visit of the city by coach, entering through the Porta Palio. We'll see the beautiful Castelvechio and the Arco dei Gavi. The Porta Nuova offers a wonderful view of the towers, hills and mountains in the background. From here, we'll set off on foot with our guide to Juliet's House (Casa di Giulietta) to see the balcony where she stood when Romeo declared his love. We'll then walk to the arena-built from the characteristic local pink and white stone in the 1st century AD-which seated as many as 30,000 spectators at gladiatorial combats, mock naval battles and other such popular entertainment. **If the amphitheatre is closed, we'll visit the magnificent Giusti Gardens.**

DISCOVERY EXCURSIONS

FOLLOWING THE FOOTSTEPS OF CASANOVA IN VENICE

LENGTH: 3 hours

Giacomo Girolamo Casanova was born in Venice in 1725. Both his parents were actors, and he was the first of six children in the family. He entered the University of Padua at age twelve and graduated five years later with a degree in law. Over his lifetime, he was a lawyer, soldier, violinist, courtier, economist, philosopher, writer, and of course, a lover who got into sexual escapades resembling operatic plots. While visiting Doge's Palace, our guide will evoke his intricate life, including his imprisonment in the palace in solitary confinement for "grave faults committed in public outrages against the holy religion." He later escaped with the help of a renegade priest. Casanova's reputation remains until this day, and our guide will recount the most outrageous moments of this "adventurer's" life. Our guide will then take us on a walk through the city streets, passing by the Casino Venier and Casanova's house, finishing up at the Rialto Bridge. After our tour, you can return to the ship at your own pace.

VERONA BY BIKE AND THE GIUSTI GARDENS

LENGTH: 6 hours

We'll leave by coach from Polesella for Verona. Discover Verona's main attractions and lesser-known sites as you pedal down medieval streets, along ancient city walls and through picturesque squares and courtyards. Often overshadowed by neighboring Venice, Verona possesses an impressive artistic heritage and many cultural diversions. Throughout the tour, learn more about Verona's stories from a local guide. And we'll discover the Giusti Gardens, one of the city's marvels. This magnificent Italian garden was designed in the 16th century and contains age-old trees, gargoyles, fountains, and grottoes. The garden is dominated by a captivating ancient cypress-tree road which even impressed the poet Goethe. At the end of our visit, we'll return on board in Polesella.

WINE TOUR THROUGH THE EUGANEAN HILLS

LENGTH: 4 hours

The Euganean Hills are located in a regional park known for its beauty and hot springs. They were the inspiration for Shelly's poem "Lines Written Among the Euganean Hills," where he reveals how the splendid landscape helped him overcome despair. Found within this magnificent landscape is unrivaled cuisine. Traditional meals and products are made from simple garden, farm, or vineyard ingredients. The most delightful meals can include fresh fruit, natural cold cuts, and fine herbs. We'll visit the Villa dei Vescovi, a lovely Renaissance-style home that is open to the public. CÓRDOBA (full day)

LENGTH: 10 hours

We'll leave by coach from Seville for our tour of Córdoba. Córdoba's golden era started in the 8th century when it was conquered by the Moors who built about 300 mosques and countless palaces and public buildings. In the 13th century under the reign of Fernando III the Saint, the Great Mosque of Córdoba was transformed into a cathedral and new defensive structures were built, including the Alcazar de los Reyes Cristianos and the Calahorra Tower. After lunch in a restaurant, enjoy some free time in the city.

FLAMENCO EVENING

LENGTH: 2.5 hours

After dinner, departure on foot for a Flamenco evening. Flamenco (cante flamenco) is an art created by the Gypsy and Andalusian peoples based on popular folklore born from the various cultures which flourished throughout the centuries in Spain. Originally, Flamenco was simply a capella vocals (cante). Its first genre, la toná, was forged in the geographical triangle formed by Triana, Jerez and Cadiz. Only later did the hand-clapping (palmas), the dancing (el baile) and the guitar (toque) appear. Dancing and guitar can now often be found alone, although vocals are still considered at the heart of the tradition. More recently, instruments such as the cajon (a percussion instrument from Peru), the palillos (castanets), and the bass guitar were added. Immerse yourself in the most famous Spanish tradition, this mixture of vocals, guitar and dance in which Arab, Oriental and Gypsy influences mingle. Return to the boat.

GRANADA (full day)

LENGTH: 14.5 hours

We'll leave by coach for Granada. Located at the foot of the Sierra Nevada and at the confluence of three rivers, Granada was the capital of the last Islamic kingdom in the Iberian Peninsula. We'll start off at the Alhambra, literally "the red", reflecting the colour of the walls at sunset. It is one of the major monuments of Islamic architecture and the most majestic mediaeval fortress in the Mediterranean. Along with the Great Mosque of Córdoba, it is the most impressive evidence of the Islamic presence in Spain from the 8th to the 15th centuries. The tour continues with a visit to the Generalife, and its marvelous 14th century gardens, where water was harnessed to refresh every courtyard and garden. We'll enjoy lunch at a restaurant downtown. In the afternoon, you'll be able to enjoy the delights of Granada at your own pace.

SEVILLE AND THE ALCAZAR PALACE

LENGTH: 4.5 hours

We'll leave by coach for our guided tour of Seville, beginning with the Plaza de España - a majestic crescent-shaped complex arranged around a central square. Built for the 1929 Ibero-American Exposition to showcase Spain's industrial and technological exhibits, the building's tiled alcoves each represent a different province of Spain. The complex faces the Guadalquivir, signifying the prosperous trading route towards the Atlantic Ocean and the Americas. We'll continue on to Santa Cruz, the most picturesque and delightful part of the city with narrow, winding cobbled streets and whitewashed houses. This former Jewish quarter remains part of the historical centre of the city and contains many renowned monuments. Afterwards, we'll discover the Alcazar Palace, one of the oldest Royal Palaces in Europe and the current royal residence. Our tour ends with Seville's cathedral, providing one of the last testimonies to Gothic style. This structure was built over the ruins of an Almohad mosque as a symbol of the capital's prosperous status of great commercial town after the Reconquista.

DISCOVERY EXCURSIONS

GUIDED BIKE TOUR OF SEVILLE

LENGTH: 2.5 - 3 hours

The best way to see everything in a few hours! For many years, only about 0.5% of trips were made by bike in Seville, with roads choked with four rush hours a day due to traditional siestas. In 2013, however, Seville was listed as number five in the top 20 bicycle-friendly cities. The city now has over 105 miles of bike paths. During the tour, we'll stop to visit the Alcazar, one of the most beautiful in Spain and regarded as one of the most outstanding examples of Mudéjar architecture found on the Iberian Peninsula. The tour is approximately 9 miles long.

Attention: children are under the responsibility of their parents and must be autonomous by bike.

WALK THE WATERFRONT IN CADIZ

LENGTH: 2.5 - 3 hours

Walk along the oceanfront to the Castle of San Sebastián. According to legend, the Temple of Kronos (a Titan of the Greek gods) was first built here. A chapel was built in the 1400s by Venetian boat crews and the irregular, fortified castle found on the site now was built in 1706. It defended the northern section of the city from attack. Because of its unique shape and décor, it has served as backdrop for many films. We'll return via the city's historic centre and authentic neighbourhoods, admiring the elegant homes painted in glorious pastel colours and decked out with ironwork balconies. Enjoy tastings of local products along your walk.

PORTUGAL

The Douro river

The Douro River begins in Spain and winds its way down over 2,250 m in altitude and across 850 km.

This “Golden River” is testimony to love for the Portuguese and their music. The vineyards are one of the biggest draws in the Douro Valley and have required 20 centuries of hard labor dating back to the Romans to cultivate and sculpt the terraced vineyards suspended along the hills.

The Douro is a calm, inviting river, crossing through five dams along its course—Crestuma-Lever, Carrapatello (water-level difference of 35 m, the highest in Europe) Regua, Valeira, and Pocinho.

CLASSIC EXCURSIONS

AZULEJO-THEMED TOUR OF PORTO AND THE FISHING VILLAGE OF AFURADA

LENGTH: 8 hours

Discover Porto and its history through emblematic blue and white tiles known as Azulejos. These lovely tiles date back to the invasions of the Moors in the 12th century, although the artwork didn't become part of Portuguese culture until the time of King Manuel I. We'll visit the cathedral, the outside of Batalha Palace, the Church of Santo Ildefonso, San Bento Station, and Bolsa Palace, all of which have beautiful examples of Azulejo frescoes. We'll then cross over the river to Afurada, a small fishing village for lunch in a typical restaurant. After lunch, enjoy a sun-soaked stroll through the streets lined with brightly colored homes. Inhabitants here still base their lives around their boats and nets. This is Portugal at its casual best.

CRUISE REF. RGR_PP.

FAVAIOS AND THE PORT WINE ROUTE

LENGTH: 4 hours

We'll set out by coach for a visit to the heart of Port Wine country and the small town lost in the middle of the Douro Valley, Favaios. The origins of this civil parish date back to the Iron Age. Today, Favaios has almost 1,500 inhabitants, most of whom earn their living through wine production. We'll take a walk through the village and then visit the Bread and Wine Museum. We'll enjoy a tasting of the region's best-known liquor, Moscatel, a naturally sweet sherry wine*.

CRUISE REF. RGR_PP.

FIGUEIRA DE CASTELO RODRIGO

BUTRINT

For this excursion, we'll leave Saranda and head inland, crossing the Bistricë River and the vast Vrina Plain before arriving at the salt lagoon known as Lake Butrint. We'll visit the UNESCO World Heritage site of Butrint, once part of the Greek and Roman colonies. Inhabited since prehistoric times, the city experienced a great period of prosperity under Byzantine rule. The most ancient objects found at the archaeological site are a stone hammer and a shaft belonging to the latter part of the second millennium BCE. There are also many extraordinary Greek objects, including statues of their gods. The first modern archaeological excavations began in 1928 when Benito Mussolini sent an expedition to extend Italian dominance into the area. The excavations, which continued through 1943, uncovered the Hellenistic and Roman part of the ancient city including the "Lion Gate" and the "Scaean Gate". The most interesting ancient Greek monument is the theater, which is fairly well preserved. The major ruin from the paleo-Christian era is the baptistery, an ancient Roman monument adapted to the cultural needs of Christianity. In the 5th century, Butrint became an Episcopal centre, only to be abandoned several centuries later. It was reconstructed under Byzantine control in the 9th century.

Stari Bar, meaning "Old Bar," is located a few miles from the newer city of Bar at the foot of Mount Rumija. Although Stari Bar was abandoned after the 1979 earthquake because the aqueduct that supplied water to the town was damaged, it was restored some years later and the population began to return. The walls along Stari Bar contain some fascinating ruins, including the foundations of St. George Cathedral, the Church of St. John, and the Church of St. Verenada. Enjoy some free time to stroll about the town on your own.

TIRANA

LENGTH: 5 hours (3-hour transfer)

We'll hit the road for Tirana. We'll first visit the National History Museum, which takes you chronologically from ancient Illyria to the post-communist era. The museum is divided into pavilions, each portraying the diversity of Albanian history. After our visit, we'll set out on foot for Skanderbeg Square, the city centre surrounded by important government buildings, as well as the historic Et'hem Bey Mosque (the mosque is currently closed for renovations; the initial visit to this site will be replaced by a tour of the Blloku area). Once the area where the communist elite resided, it is now an upscale location for dining, shopping, and entertainment. Blloku is also well-known for its colorful, sometimes garish facades that contrast with the gray Soviet-era buildings. The simple, three-story former residence of Enver Halil Hoxha, head of Albania for over 40 years, can still be seen on Ismail Qemali Street.

CLASSIC EXCURSIONS

ATHENS AND THE ACROPOLIS

LENGTH: 4.5 hours

We'll set off by coach with our guides for the Athens Acropolis, situated on a 150m-high rocky plateau and which in Ancient times was a vast sanctuary for the worship of the Goddess Athena and numerous other gods in Greek mythology. You will have the chance to discover the different temples on the site including the Parthenon, built in the 5th century BC and dedicated to Athena, whose gold and ivory statue stood in the sanctuary. It was destroyed during the siege of the city during the 12th century crusades, and the Parthenon was turned into a Catholic church when the Franks occupied Athens, then into a mosque by the Turks in the 17th century. You will also visit a number of other remarkable monuments still standing such as the Erechtheion, an elegant little temple dating back to the 5th century BC; the Temple of Athena Nike, known in Ancient Greece as the "temple of victory"; the Propylaea, the monumental entrance to the Acropolis; the ancient Theatre of Dionysos and the Odeon of Herodes Atticus... You will then return to the coach to finish off with a panoramic tour of the modern city of Athens, also taking in the Agora, the center of public life for the ancient Athenians. This square open space served a variety of purposes: political, religious, economic, commercial and cultural.

LINDOS

LENGTH: 4.5 hours

Without a doubt, Lindos is the most beautiful village on the island of Rhodes. Dominated by an imposing citadel, the hillside town's white colors contrast beautifully against the surrounding earth and turquoise bay. Lindos was one of the three major inhabited areas in ancient Rhodes because its strategic location and trade prospered quickly. But its situation also made it vulnerable to invasions and occupation. In the 20th century alone, the Turks, Italians, Germans, British, and finally Greeks claimed successive rule. We'll walk about 20 minutes to the Acropolis at the top of the village. Part of the Lindos' charm is that there are no cars at all. The Acropolis contains the ruins of the temple to goddess Athena Lindia, considered one of the most sacred sites in ancient Greece. Centuries later, the Knights of Saint John built the castle and sturdier walls. Along with the blend of historical ruins, an amazing view over the sea from the cliffs awaits you.

CAPE SOUNION

LENGTH: 4 hours

Cape Sounion and the coast of Attica are known for their beautiful countryside. Departure by coach from the port of Piraeus to reach Cape Sounion, south of Attica. You will then follow the coast of Apollo on the perimeter of the Saronic Gulf where you can enjoy the continuous shimmering sea. At Sounion stands the ruins of the Poseidon's temple, overlooking the sea 60m at the end of a steep rock. This is very moving with its breathtaking landscapes. Here the ancient Greeks worshiped Poseidon, the almighty god of the sea. Fifteen doric columns that have been preserved belong to the temple which was built during the golden age of Perikles. The temple and the road that leads you there are worth to be seen. After the visit of Cape Sounion, you will go and visit the Vassiliou property and enjoy wine tasting* of three different sorts. The best grapes are chosen, as each variety is accorded to the best soil and climate. That's the reason why vineyards are scattered in the region of Attica. The winemaking is at Koropi.

MYKONOS

LENGTH: 4 hours

We'll set out on a coach tour of the island of Mykonos. Our first stop will be the Monastery of Panagia Tourliani, the official protector of the island, in Ano Mera. Founded in 1542, it is a peaceful place that has a lot of history behind it. One belief is that it is named after an icon of the Virgin Mary found in a nearby village called Toulos. The site was completely restored in the 1770s, and its impressive architecture is framed by its whitewash exterior and colored dome. One of the most famous pieces in the church is the wooden altar screen crafted by Italian artists. After our time at the monastery, we'll head to the city. Mykonos has a humble charm, although it is known as quite the place to party. The old town is dotted with churches and rustic chapels, with the Church of Panagia Paraportiani being the most famous. We'll tour a few of the chapels, visit five of the iconic windmills (the city's trademark), and spend time in the romantic Little Venice neighborhood. What a great way to get a feel for life on the Aegean Sea!

DELOS

LENGTH: 2 hours

Greek mythology recounts the island of Delos as the birthplace of both Apollo and Artemis. Today, it is almost uninhabited and gives us a chance to walk among the ruins of what was once a thriving economic and religious center. According to its UNESCO listing, it was considered one of "the most sacred of all islands". Excavations began in 1872 and have unearthed a good part of the port, including the Apollonian Sanctuary. There is a museum as well that displays a collection of many of the smaller objects found at the site.

Please note that rowboats are used for this excursion.

PARIKIA

LENGTH: 4 hours

Parikia, the capital of Paros, is a gorgeous village full of small whitewashed houses and imposing mansions. The most famous site in Parikia is the church of Panayia Ekatontapyliani—the 6th century church with 100 doors, including a secret one! We'll then head to Lefkes, tucked into the island mountains. The village was the first capital of Paros and built on the hills to protect the original inhabitants from pirates. Our last stop will be Naoussa, a beautiful fishing village with a tiny harbor bursting with restaurants and cafés. After our excursions, we'll return to our ship.

CRUISE REF. ANA_PP.

KOS AND THE ASKLEPION

LENGTH: 4 hours

We'll tour the Asklepion, the ancient Greek version of med school. The three-terrace complex sits on a hill surrounded by Cyprus trees. In addition to being fascinating in itself, the Asklepion also has some breathtaking views. We'll visit the archaeological site, which contains the ruins of the old gymnasium and thermal baths from the ancient Greek era. Our tour will continue to Kos with a visit to the old part of the city. Sites we'll see include the agora—the ancient commercial and social center of the harbor and one of the largest to have been excavated to date. Nearby, we'll find the Tree of Hippocrates, where legend has it the Greek savant taught his students. Our last stop will be the medieval castle built by the Knights of the Order of Saint John.

CRUISE REF. ANA_PP.

RHODES

LENGTH: 3 hours

The "island of roses" is one of the golden Dodecanese islands, which cultivate their originality: Hellenic in their soul, Byzantine in their memory, Oriental in their character and yet definitively Greek. Rhodes is an important cultural and economic center in the archipelago of 12 islands and dozens of islets. The last bastion of Europe before the Orient, the island played a major role in Antiquity, then in the Middle Ages. You will leave the port for Mount Smith from where you will have a splendid panoramic view of Rhodes and the surrounding countryside. After passing through the Amboise Gate, you will reach the highest point of the medieval town, the Palace of the Grand Master, an imposing fortress with lavish interior decorations and a courtyard filled with Roman statues. The museum contains superb mosaics, also dating from the Roman era. The tour continues along the Knights' Road, both steep and narrow, with its characteristic cobbles. This road is lined by prestigious "Inns" where the Knights of the Order were received according to their language and country of origin. Today, this street still gives off a certain aura of nobility and inaccessibility. You will also be able to admire the rich Gothic-style decorations, the arched windows, the flat roofs and the honey-colored facades.

SANTORINI ISLAND

LENGTH: 4.5 hours

Santorini is the most famous of the Cyclades and also the most beautiful. Its earthquake crater is invaded by the sea, and the scenery is breathtakingly beautiful. At the very top of the island you can make out dazzlingly white villages. The immense, half-closed Caldera punctuated by eruptive cones is a reminder of the cataclysm that shook the island in the Minoan era, the eruption causing a tidal wave. You will have the chance to visit the islands' most picturesque sites, to admire the most fascinating views, to briefly get a taste of local life and enjoy the natural and authentic flavors of this corner of the Mediterranean. We'll reach the island on board rowboats. Departure by coach for Profitis Ilias, the highest point on this splendid island, whose colors and contrasts will accompany you throughout the morning. Afterwards, you will head for the village of Megalochori, with its typical white houses tightly wedged into a network of narrow streets and mule tracks. In a typical tavern, you will be able to taste the famous Santorini wine which will tickle your taste buds. The last stage on our tour will be the delightful village of Fira, with its blue cupolas that blend in with the sky. We'll travel back down to the port by cable car and board our rowboats again back to the ship.

The tour then continues along the Via Dolorosa to the Wailing Wall, the most sacred place of worship for Jews, where they write their wishes on slips of paper which are then placed in the wall. Finally, you will visit Mount Zion, where Jesus Christ ate the Last Supper with his disciples, which inspired the Cenacle. In the middle of the day, there will be a stop in a local restaurant for lunch. Return on board at the end of the afternoon.

MASADA AND THE DEAD SEA

LENGTH: 12 hours

Masada is one of Israel's most popular tourist destinations. The breathtaking, strategic location is a UNESCO World Heritage Site and a symbol of heroism and importance within Jewish culture. Masada was built in 30 BC by King Herod. When Israel began its great revolt against Rome in 68 AD, the site became a stronghold for Jewish rebels. The Romans besieged Masada in the year 72. Rather than be taken alive by their adversaries, the population of Masada chose to die by suicide. After our stirring visit to this important historical site, we will continue to the Dead Sea for lunch and an afternoon at the side of the pool or in the sea's beneficial waters and muds.

Our excursions

Core program

JOHANNESBURG

We'll have lunch before visiting the Apartheid Museum which opened in 2001. It is famous the world over for being the first museum centering on South African history in the 20th century, and more particularly on Apartheid.

Afterwards, we'll set off for a panoramic tour of the city. In addition to being South Africa's financial capital, Johannesburg is also the city of superlatives. It is indeed the richest town in Africa, with the tallest buildings and widest social discrepancies, but is also infused with one of the best atmospheres you'll ever come across. We'll be transferred at our five-star hotel LS where you'll be welcome to settle into your rooms before dinner. You'll spend the night at the hotel.

SAFARIS

We'll explore the local fauna and flora in small groups on board small motor boats or Jeeps. Elephants, giraffes, Cape buffalos and impalas are only but a few of the wild animals you may get to see in your surroundings. Each season brings its own particularities and allows for unique and up-close experiences with wildlife.

IMPALILA ISLAND

One morning will be dedicated to discovering the culture and traditions of the area. We'll visit rebuilt traditional villages, an opportunity to learn more about the Namibian houses, the everyday life and living together of the indigenous population and more.

VICTORIA FALLS

We'll leave for a tour on foot of the falls in Zimbabwe, where the views are among the most exceptional in the world. We'll also see where the Zambezi River plunges over the cliff to become the widest waterfall in the world, creating the "smoke that thunders." Enjoy dinner and spend the night at a four-star hotel LS.

Extended stay

CAPE TOWN

We'll leave on a panoramic tour of the city. Cape Town is a meticulously preserved city with modern towers in the centre, cobblestone roads and a bounty of historical monuments. We'll then take the Table Mountain Cableway to soak up the 360-degree views of Table Bay and the nearby peaks of the surrounding mountains (if the weather allows it). We'll have dinner and spend the night at our 4-star hotel LS.

ROBBEN ISLAND AND GROOT CONSTANTIA WINE ESTATE

Robben Island is a place that needs no introduction with regards to its significance in South Africa's and indeed the world's history. We'll have a guided tour of the island and its cells. We'll return to Cape Town for lunch on the waterfront. Afterwards, we'll visit the Groot Constantia estate, considered the oldest vineyard in South Africa. For the past 300 years, agricultural activities at Groot Constantia have focused on wine making, and the Constantia wines have

become renowned throughout Europe. We'll visit the cellar followed by a tasting*. We'll have dinner and spend the night at the hotel.

THE CAPE PENINSULA

We'll set out for the legendary Cape of Good Hope Peninsula. We'll ride along Chapman's Peak Drive, located on the Atlantic coast of the southwestern tip of South Africa. The narrow stretch of land, dotted with beautiful valleys, bays and beaches, contains a mix of extraordinarily diverse and unique fauna and flora. We'll take the famous Flying Dutchman funicular to the summit to see the old lighthouse and relish the panoramic views. We'll have lunch before discovering the penguin colony near Simon's Town. Once called Jackass Penguins, they are famous for their hilarious braying call. We'll have dinner and spend the night at the hotel.

* Alcohol can be dangerous to your health. Please drink in moderation.

Our excursions - Extended stay

HANOI

We'll spend the day on a guided tour of the capital, visiting the outside of the historic Ho Chi Minh Mausoleum on Ba Dinh Square, Ho Chi Minh's humble stilt house behind the mausoleum, and the unique One Pillar Pagoda Buddhist temple. We'll visit the Temple of Literature, built in 1070 and dedicated to Confucius. The temple also hosts the Imperial Academy, Vietnam's first national university. It has five courtyards, and interestingly enough is featured on the back of the 100,000 Vietnamese dong banknote. After lunch in town, we'll discover the old quarter of the city, also known as the "36 Streets," by pedicab or electric mini-bus (depending on availability). We'll have a tour of the local "Embassy Row" with its French colonial-style architecture. In the evening, we'll watch a traditional water puppetry show and have dinner in the city.

HALONG BAY CRUISE

We'll leave Hanoi early in the morning for Halong Bay (approx. 3.5 hours travel time). We'll be welcomed aboard a 4-anchor boat and begin our cruise to discover the thousands of various limestone islands dotting the emerald-colored bay. We'll enjoy dinner on board. The next day, after a Tai Chi class on deck, we'll continue our cruise through the bay, discovering more of its extraordinary scenery and visiting one of the largest caves.

Our excursions

Core program

SIEM REAP

• The Beng Mealea Temple

Isolated from the touristy spots, it is one of the few temples to have remained intact since it was first discovered. Built between 1112 and 1152, it is said to have served as an inspiration for the construction of the Angkor Wat temple complex.

• The Jewels of Angkor

We'll leave for an early visit of Ta Prohm, an 1186 Cambodian temple dedicated to the family of Jayavarman VII. We'll then explore Angkor Thom, a vast architectural complex which can be accessed through five gates. At its centre is the monumental temple of Bayon—famous for its towers and 172 faces of Avalokitesvara. Stroll through the grounds of the former Royal Palace, where the Phimeanakas Sanctuary is found. Discover the Terrace of the Elephants and the Terrace of the Leper King. After lunch in town, we'll visit the Senteurs d'Angkor: a diverse collection of silk and carvings, as well as a superb range of traditional beauty products and spices, all made locally. We'll also visit the silk weaving workshops and discover the traditional weaving techniques that are still being used today.

• Angkor Wat temple complex

The epitome of Khmer architectural art, Angkor Wat is the largest religious monument in the world and an architectural masterpiece.

KAMPONG CHHNANG

Kampong Chhnang is one of the largest fishing ports. The region is best known for its particularly archaic pottery that can be found throughout the country. We'll taste some of the local products.

KAMPONG TRALACH, KOH CHEN AND TUK-TUK TOUR IN PHNOM PENH

We will set out to visit the beautiful Vihara at the Wat Kampong Tralach Leu pagoda. To access the pagoda we need to cross the village of Kampong

Tralach in ox carts, moving along a small road that runs perpendicular to the river in the middle of magnificent rice fields. The Vihara was built at the beginning of the last century and still has its splendid murals. Totally hidden among the rice fields, it's a little-visited, modest pagoda whose complete isolation makes the site even more fascinating. After our excursion, we'll return on board and cast off as you sit down to lunch. Once we arrive in Koh Chen, you can explore this small village where craftspeople specialize in silver and copper work and where ornaments used in traditional ceremonies at the pagoda or for marriages are fashioned. After returning on board, we'll spend the afternoon cruising towards Phnom Penh, arriving in the early evening. Enjoy a brief tour of the area by "tuk-tuk," the easiest way to get around the city. We'll return to the ship and enjoy a performance of classical Khmer dancing and music.

PHNOM PENH

Founded in 1434, Phnom Penh, after much rehabilitation of part of its architectural heritage, still retains a good deal of its charm from the French colonial period. We'll enjoy a tour of the fabulous Royal Palace, the residence of the king of Cambodia and one of the most impressive examples of Cambodian architecture. We will then visit the Silver Pagoda, which is inlaid with more than 5,000 silver tiles and contains hidden treasures. Most notable is a small 17th century crystal Buddha and a life-sized gold Buddha decorated with 9,584 diamonds, the largest of which weighs 25 carats. Onward to visit the National Museum, which houses the Museum of Fine Arts, built in 1917 by the French but using the traditional Khmer style. The museum also serves a religious function; its collection of important Buddhist and Hindu sculpture addresses community religious needs as a place of worship. After lunch in town, you can pay a visit to the Tuol Svay Prey School, a former detention, torture, and execution centre run by the Khmer Rouge during the civil war. Afterwards, enjoy some free time at the market.

CHAU DOC

Located on the border between Cambodia and Vietnam, Chau Doc became part of Vietnam 300 years ago. The town sits among a giant patchwork of rice fields along the Mekong River. The now-prosperous area has developed around fish and fish farming. The town is a busy, lively place with few tourists and several charming colonial buildings. The market is the nerve centre of Chau Doc. We'll pay a visit to the Ba Chua Xu Temple and the Tay An Pagoda.

SA DEC

We'll discover the local market and visit the former house of Huynh Thuy Le, the man who Marguerite Duras based her book *The Lover* on. In colonial times, Sa Dec was known as the "Garden of Cochinchina" because of its famous floral gardens. We'll have lunch on board and cruise to Vinh Long, located in the middle of the delta, between two distributaries of the Mekong River. Hundreds of small boats abound between houses built on stilts. We'll set out in smaller boats and travel through canals and orchards before arriving in Cai Be. We'll discover a brick and pottery factory as well as a traditional factory producing puffed rice, rice-paper wrappers and rice alcohol.

MY THO

We visit the islands close to My Tho. They are famous for their vast orchards and fruit gardens. The climate is hot and comfortable all year. The surrounding

countryside makes up one of the most luxurious cultivated areas in Vietnam (coconut, banana, mango, and longan trees). On one of the largest islands, Thoi Son, we'll visit a bee farm and enjoy some honey tea and exotic fruit. We'll then take a ride in small sampans along the canal lined with mangrove palms and have a glimpse of villagers going about their daily life.

HÔ-CHI-MINH CITY (SAIGON)

• Full day

Hô-Chi-Minh City was heavily influenced by French colonialism in the 19th century. It is now the largest port in Vietnam. We'll enjoy a tour of the city to see the Reunification Palace, Notre Dame Cathedral, and the Saigon Central Post Office, and visit the Museum of Vietnamese History. Lunch will be served on board. In the afternoon, we'll leave by coach for the Cu Chi tunnels, an immense network of underground tunnels that were the location of several military campaigns during the Vietnam War. The tunnels were used by Viet Cong soldiers as hiding spots during combat, as well as serving as communication and supply routes, hospitals, food and weapon caches, and living quarters for numerous North Vietnamese fighters.

• Morning

We'll spend the morning visiting Cholon, the Chinese-influenced section of the city, including its hectic market and the Thien Hau temple.

Our excursions

Optional

SAINT-PETERSBURG: Evening of traditional entertainment

DURATION: APPROX. 3.5 HOURS, INCLUDING A 1.5-HOUR SHOW

What a great way to discover Russian culture: musicians, singers, and dancers decked out in beautiful traditional costumes. To the beat of lively Russian music, you'll dive into the local folklore and learn about the country's diverse traditions.

SAINT-PETERSBURG: Raised Bridges

DURATION: APPROX. 3 HOURS

The top entertainment for Saint-Petersburg locals and tourists from mid-April to mid-October is to watch the raising of the draw bridges in the middle of the "night." We'll leave by coach to see the opening of the first bridge, the Palace Bridge, and continue on as each bridge rises upstream.

This excursion can only be purchased on board.

SAINT-PETERSBURG: Peterhof Palace

DURATION: APPROX. 3.5 HOURS

Often referred to as the "Russian Versailles", the estate is an enormous, opulent complex that overlooks a cascade of fountains and gardens opening onto the Baltic Sea. Commissioned by Peter the Great back in the 1700s, the palace is considered his crowning achievement. After a tour of the palace, we'll have a stroll through the magnificent park to admire its numerous fountains.

If weather conditions are unfavorable, the boat tour will only take place on the Neva River.

* Alcohol can be dangerous to your health. Please drink in moderation.

MANDROGI: Traditional lunch

DURATION: APPROX. 1.5 HOURS

Mandroggi was founded in 1996 as an ecostop for tourist cruise ships traveling between Lake Ladoga and Lake Onega. This is the occasion to taste Russian cuisine during lunch in either an izba or a traditional dining area. Local wine and vodka* are included with the meal.

GORITSY: Kirillo-Belozersky Monastery

DURATION: APPROX. 2 HOURS

This monastery was founded in the 14th century by Saint Cyril. It's one of the oldest monasteries in Russia and one of the largest in the northern area of the country. Rulers began to see the monastery as a strategic military and trading point, so the royalty in Moscow began to help it with donations and tax breaks. Little by little, the site grew and expanded to the eleven-church, eight-tower complex we see and visit today.

This option replaces the visits included in the stopover in Goritsy. Some buildings may be under restoration.

YAROSLAVL: Rostov the Great

We'll visit the Uglich Kremlin and the Church of Saint Dmitry on the Blood with its red walls, snow-white moldings and bright blue domes. We'll then visit the Transfiguration Cathedral, a large, green domed, yellow and white building constructed in the early 18th century.

Core program

Included

LUXOR: KARNAK & LUXOR TEMPLES

We'll visit the Karnak Temple Complex, once one of the largest and most important religious complexes in ancient Egypt. The immense size of Karnak, as well as its various details, makes it an invaluable historical site and resource for understanding the evolution of ancient Egypt. In the afternoon, we'll tour the Luxor Temple, a strikingly graceful monument in the heart of the modern town. Its main function was during the annual Opet celebrations, when the statues of Amun, Mut, and Khonsu were reunited during the inundation of the river.

EDFU: TEMPLE OF HORUS

We'll leave in horse-drawn carriages to visit the Temple of Horus. Built between 237 and 57 BC, this temple is one of the best-preserved ancient monuments in Egypt. It was excavated in the mid-19th century after being buried under sand and rubble for hundreds of years.

ASWAN: DAM & PHILAE TEMPLE COMPLEX

Discover the Aswan Dam, one of the largest dams in the world which tames the Nile River and provides electricity to the country. We'll then visit the Philae Temple Complex: after the dam was finished in 1902, the temple complex was partially submerged, so in 1960, UNESCO started a project to save the buildings. In the long run, every building was dismantled into units and then transported to this nearby island for reconstruction. The most ancient temple is dedicated to Isis and dates back to 380 BC. In the afternoon, we'll board small local boats and enjoy a ride on the Nile, between the granite islands and the natural reserve, passing close to Elephantine Island. We'll then take a stroll in a typical Nubian village and discover its school and clinic.

KOM OMBO TEMPLE

We'll visit the Temple of Kom Ombo, dedicated to the gods Sobek (the crocodile god), Haroeris ("Horus the Elder"), Tasetnofret (the Good Sister), and Panebtawy (Lord of the Two Lands). By the late 1800s, much of the temple had been either destroyed by earthquakes, the waters of the Nile, or builders who took the stone for other projects. It was cleaned and restored by Jacques de Morgan in 1893. The temple is unique because its dual design shows that there were courts, halls, sanctuaries, and rooms duplicated for two sets of gods.

LUXOR: VALLEY OF THE KINGS & HARPER'S TOMB

Join us for a visit to the Valley of the Kings and four of its tombs, including the longest and deepest of royal tombs built for Seti I. It was also the first tomb to feature decorations on every passageway and chambers with highly refined bas-reliefs and colorful paintings. We'll also stop for a photo op at the Colossi of Memnon and the Mortuary Temple of Hatshepsut. We'll then visit "The Harper's Tomb," one of the most famous in the valley. Tomb KV11 is the tomb of Pharaoh Ramesses III, one of the last great monarchs in ancient Egypt. In the afternoon, we'll cross the Nile in small, local boats to the west bank and begin our tour on an auto rickshaw. This is the moment to discover the off-the-beaten-path sites visited and experience daily life within typical villages.

Optional

ABU SIMBEL TEMPLES

We'll leave for the Abu Simbel archaeological site in the morning. Discovering these amazing rock temples is one of the highlights of a trip to Egypt. Located about 140 miles (230 km and three hours driving time) southwest of Aswan, the complex is in the heart of the desert, at the border with Sudan, and is the most impressive imprint left by Ramesses II. Through an extraordinary effort, the complex was relocated in its entirety in 1968 in order to escape the waters during the creation of the dam

and Lake Nasser. The twin temples were carved out of the original mountainside and serve as a lasting monument to the pharaoh and his queen, Nefertari. We'll return to the ship in the afternoon before our ship begins to cruise once again.

The Egyptian authorities may decide unexpectedly to change the opening hours of the road to Abu Simbel. In this case, lunch will be taken on board the boat.

SOUND & LIGHT SHOW AT THE KARNAK TEMPLE COMPLEX

Discover the history of Egypt with this spectacular Sound and Light show at the Philae Temple dedicated to the goddess Isis. After the building of the Aswan Dam, the temple complex was partially submerged. In 1960, each building was moved from its original location on Philae Island, to its new location on Agilkia Island in the middle of a lake. Enjoy this memorable and breathtaking show.

These excursions must be booked in advance through your travel agency.

Extended stay

Included

SAQQARA, PYRAMID OF TETI, GREAT PYRAMID OF GIZA & MOSQUE OF MUHAMMAD ALI PASHA

We'll visit Saqqara, the former necropolis for the Ancient Egyptian capital which forms the largest group of Egyptian tombs of that era. The oldest tombstone of the necropolis dates back to the reign of Hor-Aha, the second pharaoh of the First Dynasty of Egypt. We'll visit the Pyramid of Teti, the first pharaoh of the Sixth dynasty of Egypt whose sarcophagus still lies in the pyramid. In the afternoon, we'll discover the Great Pyramid of Giza, the oldest of the Seven Wonders of the Ancient World, and the only one to have remained largely intact. Next to this magnificent monument are the pyramids of Khafre and Menkaure

as well as the mysterious Great Sphinx of Giza, a mythical creature with the body of a lion and the head of a human. Afterwards, we'll visit the Great Mosque of Muhammad Ali Pasha, the viceroy of Egypt regarded as the founder of modern Egypt in 1830. It was built with minarets and gathers all traditional characteristics of Cairo architecture from the Mamluk to the late Ottoman period.

CAIRO: MUSEUM, CITADEL, HANGING CHURCH & BEN EZRA SYNAGOGUE

We'll visit the Museum of Cairo, home to an extensive collection of ancient Egyptian antiquities. With over 120,000 artefacts, the museum houses an unbelievable exhibit of the ancient Egypt's glorious reign such as mummies, sarcophagi, pottery, jewelry and of course King Tutankhamen's treasures discovered in 1922. In the afternoon, we'll take a stroll in Khan el-Khalili, the bazaar district of Cairo. The market is famous for clothing, spices, traditional jewelry and perfumes made by local artisans. Join us for a visit of the Cairo Citadel. It was built between 1176 and 1207 by Saladin to protect the city from the Crusaders and ensure the supremacy of its army. This fortification offers a panoramic view on the city, including the pyramids in Giza, if the sky is clear. We'll then visit the Hanging Church, the oldest church in Egypt, built on top of the ruins of the Babylon Fortress. We'll also visit Saints Sergius and Bacchus Church and Ben Ezra Synagogue, the oldest synagogue in Egypt which mixes Christian, Islamic and Jewish architectures.

Optional

CAIRO: SOUND & LIGHT SHOW AT THE PYRAMIDS

Enjoy this astonishing show in the middle of the desert displayed on the facades of one of the Seven Wonders of the Ancient World and the mysterious Great Sphinx. Learn all about the Egyptian civilization through 7,000 years of history recounted through this show.

CRUISE 'N WALK

The rivers often flow through the middle of valleys lined with remarkably beautiful hills. It therefore makes sense to combine the tranquility of a laid-back cruise with energetic discovery walks.

The point of a walking cruise is not to beat any world records, but to get up close and personal with the unique landscape by offering an invigorating trek. Day-long walks can be offered on certain cruises. And so travel companions aren't left behind, we will also include guided tours and excursions as options: that's our "non-walker" program.

Walkers are led by one or more certified mountain guides. We'll also provide an onboard presentation about the history and flora to be found along the way. Each walking cruise has been pre-tested by a renowned French walking club.

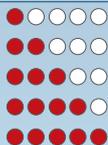

THE LEVELS OF DIFFICULTY

The activities proposed are two- to five-hour walks having varying altitude differences according to the destination.

The lengths mentioned in the program are for informational purposes only and do not include the time needed for breaks and stops.

You do not have to be a seasoned walker to participate, but you must be physically fit and rested if you would like to take full advantage of your cruise.

YOUR EQUIPMENT

BACKPACK

It is essential to bring a backpack in which you can put what is necessary for a walk: sweater, raincoat, picnic, flask of water and solar protection.

You should take a good-sized and sturdy bag with padded braces and a strong and waterproof fabric. There will be no portage.

SHOES

First of all, good shoes should not hurt you and should be comfortable. You should try your shoes and use them a little before leaving, it is important that you feel comfortable wearing them.

Without taking into consideration the difficulty of the walk, the sole should always be of a good quality, that is to say that they should be well sewed and not slippery on a wet or damaged ground. You

should prefer ankle boots with softened soles in order to avoid malleolus, back and joints traumatism.

CLOTHES

The equipment for a walk should necessarily include:

- more or less warm underclothes depending on the planned walk,
- light quick-drying trousers,
- warm sweater or fleece jacket,
- cape for the rain or raincoat,
- hat or cap,
- thin gloves and a beanie for the beginning and the end of the season.

EQUIPMENT

Do not forget to bring:

- sunglasses,
- sunscreen,

- small personal first-aid kit (refer to following paragraph),
- flask,
- toilet paper,
- folding knife,
- telescopic sticks for those who are used to use them.

PHARMACY

Your guide will have a first-aid kit for each walk.

It is yet compulsory to bring a personal first-aid kit, different according to the destination, which will at least include:

- plastic strip,
- "second skin" type plasters,
- analgesic,
- insect repellent,
- eye drops, and your personal medication if you undergo a treatment.

1 day of walking = 8 days of health!

The company provides them with the information required for them to fulfill their obligations as an organiser. As soon as the organiser or the retailer is informed of the creation of a package, they provide the traveller with the information mentioned in I, to 8, on a durable medium.

Article R211-7: The traveller may transfer the contract to an assignee who fulfills the same conditions, allowing the assignee to complete the journey or stay, as long as the journey or stay has not yet begun. If the contract is terminated and the traveller does not accept any other service, the organiser or the retailer shall reimburse all payments made by the traveller or on their behalf as soon as possible and in any event no later than fourteen days after the termination of the contract, without prejudice to compensation pursuant to article L. 211-17.

Article R211-10: The organiser or retailer shall make the reimbursements required under II and III of article L. 211-14 or, under I of article L. 211-14, refund all payments made by the traveller or on their behalf minus the appropriate termination fees. These refunds paid to the traveller shall be made as soon as possible and in any event within fourteen days at the latest after the termination of the contract. In the case provided for in III of article L. 211-14, the additional compensation that the traveller is likely to receive is at least equal to the penalty they would have incurred if the cancellation had occurred at their bidding on this date.

In accordance with article R 211-6 of the Tourism Code:

- The organiser and the retailer are responsible for the proper performance of all the travel services included in the contract in accordance with article L 211-16 and they are required to provide assistance to the traveller if they are in difficulty, in accordance with article L 211-17-1 of the Tourism Code.

CRUISE FLEXIBILITY: For your comfort and peace of mind when planning a cruise, we offer Cruise Flexibility. This optional program, of which the cost is detailed below, is non-refundable and non-cancellable, can only be used once, and must be purchased by all the persons included in the booking. With Cruise Flexibility you can change the date and destination, under the following conditions:

• CroisiEurope river cruises (excl. cruises with a duration of less than 3 days / 2 nights as well as day services): 125€ incl. tax / person, change of date is possible up to 30 days before departure

• CroisiEurope maritime and coastal cruises: 185€ incl. tax / person, change of date is possible up to 30 days before departure

• CroisiEurope cruises on the Volga, Mekong, Ganges, Nile and in Southern Africa: 250€ incl. tax / person, change of date is possible up to 45 days before departure

Cruise Flexibility is subject to the following conditions:

The change of date must be made once the Cruise Flexibility has been requested. The change of date and destination must take place on the same cruise as initially selected. The application of the Cruise Flexibility results in the cancellation of the cruise initially reserved and the establishment of a new booking which will be subject to the terms and conditions of sale effective on the date of the new booking.

Cruise Flexibility is independent of the optional Europ Assistance insurance, which we strongly suggest you to purchase and for which you will find the conditions in the corresponding paragraph. Cruise Flexibility is applicable only on the cruise, therefore excluding transport (except if a flight chartered by CroisiEurope) and excluding related services. Changes to pre- and post-routing will therefore be subject to the

conditions and possible costs of the corresponding suppliers, which will remain at customer's expense.

Cruise Flexibility becomes effective once the balance of the initial contract has been paid. The change of date must be within the same calendar year. It will not be possible to purchase a new Cruise Flexibility on the new booking which led to the implementation of the initial Cruise Flexibility.

The price difference for the new date chosen will be applied to your new booking. If it is in your favour, a credit will be issued to you which you can use on all cruises during the current calendar year.

These documents will not be returned until the day of departure. We will not be held responsible for any delay or non-delivery by the relevant authorities. Indeed, the regulations of the different countries change frequently without notice, they are given in the brochure only as a guide, it returns to the client to inform of the necessary steps at the time of his journey. CroisiEurope cannot be declared responsible for the failure to observe the formalities on which it advises upon reservation of dossiers at the latest and for fines resulting from the failure to observe the customs or health regulations of the countries visited.

CHILDREN / MINORS: Reservations from minors shall not be accepted by the travel agency but must be made by the parents or other adults of more than 18 years of age with the necessary authorizations. Minors of under 18 years of age are not permitted to travel on board unaccompanied. They must be accompanied by parents or adults of more than 18 years of age. No alcoholic beverages shall be served to minors on board. Proof of the customer's age may be requested by the ship's personnel.

MEDICAL CONDITIONS: All passengers shall ensure that they are medically, physically and / or in a psychic way fit to undertake a trip without endangering their life or the life of others. No medical services are offered aboard our ships.

Any passenger with a physical or mental incapacity, limited capacity of mobility, having an illness requiring treatment or medical care, or pregnant women should inform the travel agent at the time of booking. No reservations can be accepted for passengers whose physical or mental condition is likely to render their participation in the cruise or in the vacation impossible or dangerous for themselves or others, or who require forms of care or assistance impossible to guarantee aboard ship, notably because of unsuitable infrastructure. Some suppliers (hoteliers, airlines and cruise companies, etc) may require a medical certificate confirming that the passenger is fit to travel or they may refuse to accept the booking if they feel that they will be unable to guarantee any assistance or treatment deemed necessary for the health and well-being of the passenger. Participation in the voyage and in excursions is subject to the condition of the passenger having sufficient mobility. If necessary, the disabled may be accompanied at their own expense to obtain the required assistance.

If CroisiEurope considers it strictly necessary for the safety and comfort of the passenger, bookings of persons with disabilities or reduced mobility will be subject to the condition that a companion able to assist the disabled or mobility-impaired passenger be present. This requirement is entirely dependent on CROISIEUROPE's assessment of the safety related needs of the disabled or mobility-impaired passenger and may vary from one route to another and/or from one boat to another.

If the disabled or reduced mobility person requests and requires special assistance (care, supervision), they must be accompanied by a companion who can provide the required assistance at their own expense.

All personal accidents, diversions or forced stopover costs disrupting the course of the cruise shall be at the liability of the passenger having concealed his unfitness to travel.

We recommend the wearing of footwear suitable for life aboard and for excursions with non-slip soles.

Some vaccinations, although not mandatory, may be recommended by health authorities.

DENIED BOARDING AND PREMATURE DISEMBARKATION: Boarding may be denied to all passengers and a passenger's cruise may be curtailed (at the risk and cost of the passenger put ashore) when, in the opinion of the ship's captain or the senior officer on board, such passenger is not fit to travel, for administrative or other legitimate reasons, or disrupts or endangers other passengers. Such a passenger may be put ashore in any port of call whatsoever without the ship owner's liability being invoked. The river cruise operator may not be required to reimburse the days of the cruise not made by the passenger put ashore or to cover any costs occasioned by being thus put ashore.

COMPLIANCE WITH THE TIMING OF STOPOVERS: On stopovers, the latest time for returning to the ship and departure of the ship are mentioned aboard and stipulated by the senior officer on board. It behoves passengers to abide by such times. The company declines all liability in the event of failure to board at the appointed time. No refund or compensation shall be payable to the passenger.

EXCURSIONS: The excursions presented in the brochure are optional (unless otherwise stated).

The itineraries of the excursions defined in the programmes are given as a rough guide and may be subject to variations owing to external circumstances (e.g. meteorological conditions, strikes, transports delays, closure of sites by the local authorities, etc) or owing to local service providers. In actual fact, some of the places visited are subject to high levels of security (the Kremlin for example). The authorities in any country may therefore close any place in an untimely manner and prohibit all visits. We cannot be held responsible for the unexpected closure of any intended site and we will always do our best to arrange an alternative visit in such instances. In the event of cancellation of an excursion, CroisiEurope undertakes to do its utmost to offer replacement tours. In the event of definitive cancellation, the excursion shall be refunded. No complementary compensation may be claimed in such circumstances.

Unless otherwise stated in the program, pricing for optional excursions, excluding packages, on CroisiEurope river and seafaring cruises are given for informational purposes only, and are guaranteed only with a minimum of 25 people per excursion. If the minimum number of 25 persons is not reached, a rate adjustment may be applied on board the boat during the excursion. In the event that an excursion or all excursions are cancelled, where such excursions are optional and can only go ahead with a minimum number of participants as indicated above, this shall not result in the customer cancelling the cruise. Excursions scheduled for the same evening or the next morning on which the boat is boarded are only guaranteed for customers who have subscribed to the package excursions.

For the cruises on the Volga, Mekong, Ganges, Nile and in Southern Africa, the excursions booked on site, or mentioned in our programs are organized by local companies that are independent of CroisiEurope.

As part of the services on the Mekong, Ganges, Nile and in Southern Africa, excursions booked on site, whether or not mentioned in our programmes, are carried out by local organisations independent of CroisiEurope.

Even if they are proposed by our local representatives as an extra service to passengers, they are bought freely on the spot and do not form a component part of the holiday booked through CroisiEurope from France. All descriptions and tariffs shown are for guidance purposes only.

Any dispute, accident or incident in their conduct must be solved on the spot with the body concerned and do not in any way engage the responsibility of CroisiEurope or the travel agency from which the trip was booked.

PERSONAL ITEMS / LUGGAGE: Animals, hazardous objects and products, such as illegal substances, firearms, blunt objects and knives, explosives, oxygen, compressed air or inflammable products, etc. are strictly prohibited on board. The ship owner reserves the right to deny boarding to passengers in possession of such items. Passengers shall be answerable for all damage suffered by the ship owner owing to the failure to abide by the aforementioned obligations.

Loss of objects or material damage thereto shall be declared on board in writing to the Purser's Office during the cruises and the head attendant or as part of a circuit or a stay. Such declaration shall be forwarded to us by the passenger within three days of disembarkation.

Except in cases of fault on its part, the company may not be held responsible for the loss, theft, pilferage of and/or damage to the passenger's property. Our crew is at your disposal for the handling of your luggage and its liability may not be invoked. The limit on liability is 450€ per passenger, it only applies to trips aboard boats of the fleet CroisiEurope. For journeys and cruises on the Volga, Mekong and in Southern Africa, the responsibility lies with the owners and local providers. During the whole duration of the trip, luggage, as well as the watching of the belongings is the responsibility of the passengers. CroisiEurope underline to the travelers the fact that it cannot in any way be held responsible for items left and does not support their research or their repatriation. Therefore the forgetting of luggage owing to the customer's oversight shall result in the charging of any additional costs incurred in recovering it. **We advise our passengers to take out luggage insurance.**

In the event of loss, late delivery or damage to luggage in the context of air transfers, it is the passenger's responsibility to fill in the luggage complaint form at the airport with the airline company. The original shall be required by the latter for processing all claims.

VALUABLE ITEMS: The ship owner shall not be answerable for the loss of or damage to valuable items, money, financial documents, jewellery, and personal property. We request you not to leave valuable items unattended. Furthermore, we advise you not to leave in the luggage you entrust to carriers any valuable items, keys or identity papers, or medicinal products essential to your health. We cannot be held responsible in the event of damage to and loss or theft of personal effects.

COMPLAINTS: Any assessment of a subjective nature will be considered with interest but may not be recoverable. If there were problems during the trip, it is strongly recommended to inform immediately your attendant or purser to find a solution in due case. In case of non-delivery or non-use of a local performance in accordance with client's decision, no refund can be made. All complaints must be forwarded to us within 10 days of disembarkation by any means allowing for receipt confirmation to the seller, in accordance with the Tourism Code, and shall be taken into consideration to the extent that such complaint has been observed. The customer shall attach to his letter the assessment form submitted to him with his travel documentation, and shall also attach all proofs in support of his complaint. CroisiEurope informs you that the response time varies from 1 to 3 months following the period of survey among services, hotels or service providers necessary for any claim.

After contacting quality customer service and in the absence of a satisfactory response within maximum 90 days, the customer can complain to the ombudsman of Tourism and Travel, whose details and conditions of entry are available on this website: www.mtvtravel. In addition, it will also be possible to make a complaint via the online dispute resolution platform provided for in (EU) Regulation No. 524/2013 of the European Parliament and of the Council, in accordance with article R 211-6 of the Tourism Code.

In the event of litigation between traders or commercial companies, the courts of Strasbourg alone shall be competent.

PURCHASES: All purchases made in situ are the sole responsibility of customers (for example: counterfeit and other articles...)

CANCELLATION OF CRUISES BY CROISIEUROPE (article L 211-14 III of the Tourism Code): The ship owner reserves the right to cancel cruises for circumstances of force majeure, recurrent climatic or natural events (high tides and low tides, cyclones, etc.) or which may render it impossible to enjoy certain service provisions for reasons relating to passenger safety, and this at any time prior to departure, with no other obligation than to reimburse sums paid. In such a case, the customer may not claim any complementary indemnity. CroisiEurope shall, insofar as this is possible, offer the passenger a replacement cruise of equivalent value. The passenger shall be entitled, as he chooses, to take advantage of such replacement cruise or else receive a refund under the terms set out in these conditions. Should the passenger accept the replacement cruise, no reimbursement or payment of compensation shall take place.

CroisiEurope reserves the right to cancel one or other cruise in the event of insufficient bookings; the customer may not claim any indemnity in this specific case.

Cancellations due to insufficient participants must be notified by CroisiEurope to the traveller no later than:

- 20 days before the beginning of the journey or the stay in the event of journeys lasting more than six days,
- 7 days before the start of the journey or stay in the event of journeys lasting from two to six days,
- 48 hours before the beginning of the journey or the stay in the event of journeys not lasting more than two days.

The minimum number of participants is set at: 80 passengers for the CroisiEurope cruises on ships having a capacity between 120 and 200 passengers; a minimum of 50 passengers for ships having a capacity between 80 and 120 passengers; a minimum of 15 passengers for the barge cruises on French canals; 130 passengers for the 4-anchor ships on the Volga River cruises; 150 passengers for the 3-anchor ships on the Volga River cruises; 40 passengers for the Mekong River cruises on board the RV INDOCHINE and 52 passengers on board the RV INDOCHINE II; 12 passengers for the Southern Africa cruises; 48 passengers for the Ganges cruises; 80 passengers for the Nile River cruises and 25 travelers for the pre- or post-cruise extensions linked to a CroisiEurope cruise.

CHANGES TO PROGRAMMES, ITINERARIES AND TIME-TABLES: in the event of strike, bad weather conditions endangering the operation of the vessel safely or extraordinary circumstances, as explained in the Recitals above EC Regulation or for any other legitimate reason, CroisiEurope may at all times and without notice, advance or delay a departure or a stopover or, if need be, change ports of call, and may not be held responsible to passengers in the event of cancellation, earlier or later departure or arrival, modification or substitution.

CroisiEurope may not be held responsible for any failure to abide by the arrival and departure times given in this brochure, and this regardless of the port of call.

As part of the programming of the cruises on the Volga, Mekong, Ganges, Nile and in Southern Africa, we reserve the right to the ships captains, cruise directors, leaders and representatives of these premises to modify the itineraries and order of excursions in our programs at any given moment if circumstances demand it.

Generally speaking, and this is the universal principal, the ship's captain's primary mission is the safety of passengers on board. Regardless of the ship or the destination, he is the sole master on board and may decide at any time to divert the ship or cancel a port of call. The ship's captain may cancel the cruise or modify the itinerary of the cruise if he judges it appropriate to the interests of passengers and the safety of the vessel. Should the cruise be interrupted for reasons of force majeure, the customer shall be refunded for the days of the cruise not effected but may not claim any complementary indemnity.

Should such modifications or cancellations of the voyage occur, Articles R 211-9 to R 211-10 of the Tourism Code shall apply. Possible unforeseen circumstances (civil or religious festivals, sporting events, political demonstrations, strikes, breakdowns, traffic jams, changes by government authorities, or other legitimate reason) may bring about modifications to visits or excursions for which CroisiEurope cannot be held responsible and which shall not permit the customer to request compensation.

Some destinations are subject to particular meteorological and climatic conditions. Some ports of call may be reversed, curtailed or cancelled, particularly for the reasons stated above, without giving rise to indemnification. In the event of cancellation, excursions purchased on board shall be reimbursed. No other compensation shall be payable. A particular port of call cannot be taken to be the objective of a programme, which is intended to explore a region in a general way and discover the pleasures of sailing.

CHANGE IN CABIN CATEGORY OR NUMBER BY THE SHIPOWNER:

For technical or operational reasons, river companies or ship-owners may allot the passenger a cabin other than the one set or chosen upon the reservation. In that event the new allotted cabin should be at least in the same category. Such change shall not be considered a valid cancellation reason for the client, nor a significant change in the contract and shall entitle to no compensation.

TRANSPORTATION

a) Changes / cancellations: Significant increases in rail and air traffic, events beyond our control (strikes, technical incidents, weather, etc.) and safety imperatives make it sometimes impossible for airline and railway companies to adhere to their schedules. Delays—both on departure and return—are possible and are beyond the responsibility of the transporter, tour operator and travel agency. **No other compensation, beyond what is strictly called for by applicable laws will be awarded,** regardless of any professional or personal consequences incurred. It is therefore recommended to make allowances for reasonable delays, particularly for the return journey, in the event of important engagements or onward travel connections. Changes to times and dates, made by railway and airline companies, may take place both on departure and return and may shorten or extend the trip. CroisiEurope—acting as an intermediary between the buyer and the railway or airline company—will do its best to find the most convenient solution but may not be held responsible for any possible consequences of these delays or modifications. **There shall be no compensation on the price of the cruise.**

Moreover, we are not liable for air or rail transfers that are not bought through the CroisiEurope tour operator. We recommend that our clients make their own pre- or post-travel arrangements and purchase flexible or refundable tickets. Cruises cannot be canceled if the reason is due to the client and connected to air or rail traffic. Airline companies recommend confirming the return flight. Passengers are liable for making the confirmation themselves within the given deadline.

Tickets issued within our programs or reserved directly by the client that are not used—whether on departure or return—may not be reimbursed, even if the trip is canceled or postponed. Giving up your seat in order to take a different plane or train does not constitute a valid reason for reimbursement of a non-used ticket, nor can it be used toward a new ticket.

No claim for air travel leading to additional expenses (taxi, parking, hotels, reservation modifications, non-changeable tickets, etc.) shall result in any compensation being payable on site or upon return, including arrivals in a train station or airport that is different from that of departure (for example: Paris Orly, Paris Roissy).

b) Pre- and post- cruise transfers

To organize pre- and post-cruise transportation "from your city to the meet-up point or to the departure or arrival airport" with the coach service that will make the trips, we would like to draw your attention to the fact that the coach transfers will only happen if there are a minimum of 20 people signed up.

In certain circumstances, a waiting time can happen during transfers, either because of traffic or for organizational reasons.

The rates for the air or rail transfers to Paris or other cities from cities of residence will be applied strictly according to the terms and conditions stated in our brochures and/or estimates (based on the availabilities under the designated reservation category). Any fees or repurchased tickets due to air or rail delays during the pre- and/or post-cruise transfers resulting from causes not under CroisiEurope's control will be borne by the customer.

c) Charter flights: Departures and returns from other French cities organized by CroisiEurope on specially-chartered flights are guaranteed for a minimum of 80 passengers. If the minimum number of passengers is not reached, CroisiEurope can suggest a flight, train or bus to board the ship. This modification to your travel itinerary, if the stopover in other French cities is canceled, may take place up to 21 days before your departure. This is considered a minor modification and will be stated to you in a clear and understandable manner on a durable medium before your departure.

d) Name of carrier services: In accordance with Articles R. 211-15 of the Tourism Code, travelers will be informed of the name(s) of the contractual or de facto carrier service(s) that might provide the purchased flight in the form of a list of a maximum of three companies per leg. CroisiEurope or the travel agency will inform the customer of the name of the airline for the flight(s) the customer will take no later than eight days before the date stated in the travel contract or at the time the contract is concluded if this happens less than eight days before the beginning of travel. If the company providing the travel services has changed, the customer will be informed no later than check-in time.

e) Ticket: Travel tickets issued by airlines and railway companies, or their countermarks, are the only contract between them and the client. We accept no liability and the client is responsible for his/her travel ticket and hence must assume the consequences of its loss, theft or destruction.

f) Baggage: Baggage limits are generally 23 kg per person on regular flights and 18 kg per person on charter flights. Excess baggage charges are to be paid directly to the company during check-in. To transport bulky items (wheelchairs, breathing apparatus, strollers etc.), you must inform us when registering. Additional charges may apply according to the airline company. Some airline companies charge for assistance at airports and on-board services.

If baggage is not delivered or is damaged by the airline, the client must immediately inform the competent authority in the arrival airport and complete a loss or damage report. Then, in order to be eligible for compensation, the passenger must send this report to the airline company within a maximum of seven days, with all original documents requested. You are strongly advised to keep a copy of all the originals sent. The airline company will not deal with the request if this process is not respected and the original documents are not presented. CroisiEurope—acting as an intermediary between the buyer and the airline company—will do its best to find the most suitable solution but may not be held liable for any possible consequences of lost or damaged baggage. **No compensation shall be provided by CroisiEurope.**

g) Flights only: the client may purchase travel tickets from CroisiEurope for flights only, meaning without cruise or tour services. In compliance with article L. 211-7 a) of the French

Tourism Code, this stand-alone service is excluded from the regime for selling trips and tours. In compliance with article L. 211-7 of the same code, the travel agent shall only accept liability if it has personally admitted any fault. CroisiEurope shall not be liable for any failure to provide transport services, regardless of the reason (cancellation, delay, technical failure, modification of programs, etc.). Liability remains solely with the airline company. The conditions of use for transport tickets are available on the CroisiEurope website. **For general and specific cancellation conditions, refer to the specific conditions of the airline company providing the transport services.** They can be found either on their website or on request with our services. All claims must be lodged directly with the transport company named on the ticket. CroisiEurope shall apply prices set by airline companies on the date of the sale.

h) Liability of the carrier services: Liability of the carrier(s) is limited to the national or international laws applied to the companies, in particular the Warsaw Convention and the Montreal Convention, as well as the company Terms and Conditions of Transport that you accepted when placing the order, which could limit or exonerate CroisiEurope's liability in accordance with the provisions in Article L. 211-17-IV of the Tourism Code. In the event of delay, overbooking, or cancellation of a flight, liability of the airline companies departing from or traveling to the European Union for Community companies only is regulated by REGULATION (EC) No 261/2004 of 11 February 2004, which holds them liable for compensation, except under extraordinary circumstances, and for assistance and care for passengers in all cases.

i) Reimbursement of airport taxes: If an airline ticket was not used for any reason, the mandatory airport taxes will be reimbursed to travelers on request within 30 days and with no fees applied for all requests made on line. For all requests for reimbursement not made on line, CroisiEurope will charge a fee of a maximum of 20% of the reimbursed amount.

RESPONSIBILITY OF PASSENGERS: Each passenger (or, if the passenger is a minor, his parents or guardians) is responsible and undertakes to compensate the company for any damage to furniture, equipment or other items owned by the boat, for damage in hotels or on airplanes used by the passenger as part of his trip.

Each passenger (or, if the passenger is a minor, his parents or guardians) is responsible and undertakes to compensate the company for all fines or contraventions imposed upon the company owing to an act, omission or violation of a law, whether it be a voluntary act or not on the part of the passenger.

Passports must be in order for the countries through which the ship passes. It is the responsibility of the passenger to ensure the validity and conformity of his passport.

RESPONSIBILITY OF CROISIEUROPE: In its capacity as a cruise organizer, owner, and charterer, CroisiEurope's liabilities are defined by the combined provisions in the Tourist Code and those specifically applicable to the navigation of the ship carrying out the cruise. In the absence of such a law, the liabilities are defined by the Law of 15 June 1895 regarding the private law relations for inland shipping, Articles L. 211-16 et seq. of the Tourism Code set out the guidelines for the organizer's liabilities and the terms and conditions of the organizer's exoneration.

CroisiEurope's liability can only be engaged due to its crew members or its ships. Any irregularity must be brought to the attention of the steward. CroisiEurope will not be held liable for any damage suffered by a passenger when onshore and when the passenger is not under CroisiEurope's authority or supervision. CroisiEurope will not be liable for any accident or damage incurred by the passenger. The passenger will hold the local operator responsible without recourse to CroisiEurope. Likewise, CroisiEurope is not liable for all additional services (transportation, lodging, transfers, etc.) reserved alongside the cruise. For bodily harm, CroisiEurope is limited to SDR 2,000,000 (SDR: Special Drawing Rights as defined and maintained by the International Monetary Fund) on ships that belong to the CroisiEurope fleet in accordance with the regulations under the Strasbourg Convention of 2012 on the Limitation of Liability in Inland Navigation.

OBLIGATION TO PROVIDE ASSISTANCE: In its capacity as organizer, CroisiEurope will provide as soon as possible in the circumstances of the case, appropriate assistance to the traveller in difficulty in accordance with articles L. 211-17-1 and R. 211-11 of the Tourism Code. The nature of this assistance is specified by article R. 211-11 of the Tourism Code reproduced above.

CROISIEUROPE INSURANCE: Regarding the civil liability of CroisiEurope in respect of passengers and third parties, CroisiEurope is insured for bodily and material accidents by a "Protection and Indemnity Club (P&I)" guarantee. Regarding the professional civil liability of the cruise organizer, the latter is insured pursuant to the provisions of the Tourism Code. The contract covers underwritten by Allianz within the guaranteed type of damage, per claim and per insurance year the injury to the tune of 20,000,000 €, property damage and consequential damage to the tune of 10,000,000 € professional liability up to 15,000,000 € (for all injury, damage and consequential).
