Visit of the Dutch Open Air Museum of Arnhem

Visit of the Dutch Open Air Museum of Arnhem

Duration: 4h30 · Type: Classic

Departure from Wesel by coach in the company of your hostess for the Dutch Open Air Museum in Arnhem, which is located in a beautiful wooded park (44 ha). Some 80 authentic farms, windmills, workshops, houses, barns, a church and a school provide an insight on the everyday life and architecture of yesteryear.
Inside every building, you'll be intrigued by the typical furniture and the displays of various trades and crafts. Some of the buildings are grouped together, such as the beautiful Limburg timber-framed buildings or the Gelderland farms, but the most charming spot is without a doubt the area dedicated to the Zaan region, with its green painted wooden houses and tastefully decorated gables. Our visit will start with the renovated entrance pavilion and its good vantage point over the park and its many windmills. There are farming implements on display in many areas, like the collections center. The lower level gives access to the spectacular panoramic theater HollandRama. In this mobile capsule, films, sounds, lights, smells and temperatures evoke different scenes, from cityscapes to the confines of houses. Return on board by coach.
