Guided tour of Baden-Baden

Type: Classic

The elegant spa town of Baden-Baden sits on the edge of the Black Forest. The area has been one of rest and relaxation since its founding over 2,000 years ago. It was known as the “Summer Capital of Europe” in the 19th century, when its clientele included European and Russian royalty and notable artists. During this excursion, we’ll tour the street where the Friedrichsbad Spa is located and also visit the Old Town.
