Guided tour of La Sagrada Familia

Guided tour of La Sagrada Familia

Type: Classic

Join us for a guided tour of Antoni Gaudi’s magnum opus, La Sagrada Familia. Five generations have watched the cathedral being built, and it is still a work in progress. The work of art contains never-before-seen building and structural systems suffused with symbolism and the utmost care in every detail. We’ll continue our celebration of Gaudi at the Park Güell, perched on the hills of the city. The park is designed to bring the peace and calm expected from nature, contrasted with the fantastically shaped roofs and unusual pinnacles dotting the buildings.

PLEASE NOTE

- The order of the visits can change.
