The must-see sites in Brussels

The must-see sites in Brussels

Duration: 4h · Type: Classic

Our tour of the Belgian capital begins with a panoramic view by coach to discover the city's most famous monuments such as Laeken Park and the 1958 World's Fair Atomium landmark. We'll then head to the city center, which is jam-packed with exceptional architecture attesting to its deep history. The Grand-Place is surrounded by extravagant guildhalls, the City Hall, and the Broodhuis museum—listed as a UNESCO World Heritage Site. The magnificent, ornate building exteriors present a harmonious mix of Gothic, classic, and baroque styles. We'll also see the Royal Palace—where the Belgian royal family members carry out their work—the Royal Saint-Hubert Galleries, the Sablon neighborhood, and, of course, the famous Manneken Pis. Enjoy some free time to have a bite of some local specialties, including chocolate, waffles, fries, and much more.
