Duration: 4h · Type: Classic

Our visit of the Belgian capital will begin with a panoramic tour to see the famous monuments such as the Royal Palace of Laeken and the Atomium, a building originally constructed for the 1958 Brussels World Fair. We'll then head for the city center to admire the Royal Palace of Brussels - the King's workplace, as well as numerous Art Nouveau style buildings and the European Institutions. The visit will continue on foot to discover the Grand Place and its impressive Gothic town hall dating from the 14th century, as well as the iconic landmark Manneken Pis.
