

VISIT OF CADIZ AND ITS CATHEDRAL

Cadiz and its cathedral

Type: Classic

We'll leave by coach on a panoramic tour of Cádiz, one of the oldest cities in Europe. You'll be able to revel in the cultural and historical riches of the city, as well as its long stretches of unspoiled beaches. Many cities built by the Spanish colonists in the Americas used Cádiz as its urban model, and the port is heavily reminiscent of Havana, Cuba and San Juan, Puerto Rico. We'll visit the cathedral, a magnificent Baroque and Neoclassic building that took over 115 years to build. We'll return on board for dinner.

PLEASE NOTE

- Entrance to the cathedral is included.
