CASABLANCA

Casablanca

Duration: 4h · Type: Classic

Our excursion will take you to the most emblematic spots in the city. The city's name reveals some of its history: Casablanca is the Hispanicized version of what was originally Casa Branca—Portuguese for “white house,” the color of the homes in the old town. Modern-day Casablanca offers a balanced mix of ancient and contemporary architecture, as reflected in the exterior of the Hassan II Mosque. Towering above the Atlantic Ocean, its 700-feet tall (210 m) minaret stands as a city landmark. Our tour will then take us to Mohammed V Square, surrounded by the Court House, Central Post Office and, the Wilaya Building. Our final stop will be the scenic La Corniche oceanfront, offering beautiful panoramic views of the Atlantic Ocean.
