PANORAMIC HIKING IN COCHEM

Panoramic hiking in Cochem

Duration: 2h · Type: Discovery

We'll depart on foot for a walk along the Moselle before crossing the bridge leading to the old town of Cochem. You'll get to admire the picturesque streets lined with half-timbered houses, St Martin's Church, the Capuchin Monastery and Church and the marketplace. Our path will then lead us outside the town through a wild natural reserve all the way to Cochem Castle (Reichsburg) which overlooks the whole town. From there, we'll encounter gorgeous views over Cochem and the Moselle. We'll pass by the "Tummelchen" area, offering a view on the castle, before returning to our ship via the upper part of town.
