

SAINT EMILION EXCURSION + VINEYARD

Saint Emilion excursion and vineyard

Type: Classic

Saint-Émilion, the medieval town and its vineyard, cradle of great wines. This extraordinary medieval town, nestled in a sea of vineyards, has preserved all the charm of its origins: golden-hued stone buildings, Roman tile rooftops, and winding lanes with breathtaking views over the surrounding vines. Then, head to the Saint-Émilion vineyard. In the heart of the Libournais region, the Saint-Émilion vineyard stretches over sunlit hillsides where vines share space with exceptional heritage, listed as a UNESCO World Heritage site. Cradle of prestigious grands crus, this unique terroir — a blend of clay-limestone, gravel, and sand — gives rise to deep, elegant, and complex wines dominated by Merlot. Renowned for its harmony between power and finesse, Saint-Émilion wine embodies the Bordeaux art of living, shaped by tradition, craftsmanship, and passion. Meet a winemaker, and to delight the senses, the visit will conclude with a guided wine tasting.
