Tour the Palacio de las Dueñas and Seville Fair Festivities

Duration: 6h · Type: Classic

Built between the 15th and 16th centuries, Las Dueñas was named after the former monastery of Santa María de las Dueñas. It has several buildings, courtyards, and gardens. We will tour the stables, lemon-tree courtyard, main courtyard, and Gypsy Hall—which was once the center of social life in the palace. Many of the other rooms we will see illustrate the fundamental activities found in Andalusian culture, including bullfighting and flamenco dancing. We'll then move on to discover the Seville Fair. This is a unique opportunity to discover and participate in traditional Andalusian festivities. Many wonders and excitements await you at the "Real de la Feria," where the fair takes place—including tapas, music, and dancing. Join us for a glass of Rebujito* and some local specialties.
