EXCURSION TEROR + ARUCAS GARDENS

Teror and Arucas gardens

Duration: 3h15 · Type: Classic

We'll head to Arucas, dominated by its imposing, black cathedral. The lovely Garden of La Marquesa de Arucas is a lush paradise overflowing with flowers, plants, and trees from the world's various tropical and subtropical regions. After, we'll head over to Teror and delight in its tableaux of whitewashed homes with red tile roofs, decorative balconies, and charming patios hidden behind grand wooden doors. Teror is a great place to grab a souvenir or two, admire the local architecture, and visit the Our Lady of the Pine Basilica.
