KEUKENHOF

Excursion to the Keukenhof Gardens

Type: Classic

Departure by coach to the Keukenhof Flower Park (1), accompanied by the ship's tour leader. Upon arrival, the tour leader will hand you an entrance ticket, and you will be free to stroll at your own pace through this 32-hectare park, winding between the flower beds. Let yourself be enchanted by the colors and scents of tulips, daffodils, jonquils, and other bulb flowers. Don’t miss the pavilion dedicated to orchids or the Japanese-inspired garden... At the back of the park, be sure to visit the windmill dating from 1892, offering a breathtaking view of the surrounding tulip fields.

In the 15th century, the present-day Keukenhof estate was a hunting ground. Herbs were also cultivated there for the kitchens of Jacqueline of Bavaria’s castle, hence the name “Keukenhof” (kitchen garden).

Lunch included in one of the park’s restaurants.

Return to the ship by coach.

(1) Depending on the course of the cruise and navigation requirements, lunch may either be taken freely at Keukenhof Park (voucher included) or served on board the ship.
