Food tour of Lyon

Type: Classic

Join us for a guided tour on foot within the heart of Lyon, known as the Presqu'île. What makes this tour unique are the stops at several eateries to have a bite of the local cuisine. The sweet pink praline and savory cold cuts are the stars of this show. We'll discover the multitude of candies and pastries made with pink praline, a local confection you just can't say no to. For those with a savory tooth, our next stop will be a tasting of regional charcuterie. During this tour, your guide will also talk about renowned local chefs for a complete understanding of the "Gastronomic Capital of the World."
