

MEDOC EXCURSION + TASTING

Médoc excursion and wine tasting

Type: Classic

The Médoc between vineyards, estuary and ocean, with a tasting at a Grand Cru Classé château. Between sea and river, you will explore this peninsula where vines rise between the polders to the east and the pine forest to the west. Surrounded by the ocean and the estuary, the mild and humid microclimate has favored vine cultivation. Arrival at Château Giscours(2), a prestigious estate on Bordeaux's Left Bank. Château Giscours boasts a rich heritage, with vines first planted in the 16th century. Over the vintages, this illustrious property has revealed wines of captivating finesse and elegance, with a refined and distinguished expression, characteristic of the great terroirs of Margaux. The château oversees a 300-hectare estate, with the soul of the property residing in its exceptional 95-hectare vineyard, featuring carefully selected grape varieties perfectly suited to the terroir. A wine tasting is a must.

PLEASE NOTE

- Château Giscours or a similar estate. In case of unavailability, visit to another château.
- Alcohol can be harmful to your health. Please drink in moderation.
- The order of the visits can change.
- Times are approximate.
