# Blaye and its Citadel in a Tourist Train with a Tasting of Regional Products and Wine

Blaye and its Citadel in a Tourist Train with a Tasting of Regional Products and Wine

Type: Classic

We'll set off on a tourist train to discover the history and heritage of Blaye and its citadel. Perched on a cliff with a magnificent view of the Gironde Estuary, the Blaye Citadel has been listed as a UNESCO World Heritage Site. The garrison possesses immense gates, underground passages, fortified buildings, and almost a mile of ramparts. The defense system created by Vauban to defend Bordeaux from invasions has remained intact. This tour will take you along the historic streets of Blaye and introduce you to the citadel architecture. You'll then cross the vineyards to the Château Marquis de Vauban restaurant to tour the wine cellar and enjoy a tasting of local products. We'll return to the ship on the train.

PLEASE NOTE

- The order of the visits can change.
