VISIT OF BUDAPEST - CRUISE OF CHRISTMAS

Guided tour of Budapest

Duration: 4h · Type: Classic

Departure by coach. Accompanied by your guides, you will leave the quay for a panoramic tour of Budapest, often called the Pearl of the Danube.

Your discovery will begin on the Buda side, the hilly part of the city, which you will reach by crossing one of the city's famous bridges spanning the Danube.
You will then ascend Castle Hill to reach the Royal Palace (outside visit), where you will enjoy a breathtaking view over the city. In the distance, you will catch sight of the Fisherman's Bastion, a monument paying tribute to the origins of the Hungarian people, with its seven towers symbolising the seven tents of the seven Magyar tribes.

Your tour will continue towards Pest, the flatter and more modern part of the city. There, you will discover the majestic Heroes' Square, dominated by its impressive central monument, erected to commemorate Hungary's millennial anniversary. It features the chieftain Árpád and the seven leaders of the founding tribes.

You will pass near the famous Széchenyi Baths, the architecturally remarkable zoo, and Vajdahunyad Castle, which reflects Hungarian architecture through the centuries.
Driving along the prestigious Andrássy Avenue, you will glimpse St. Stephen's Basilica, whose construction began in 1851 and was completed in 1905.
Finally, following the Danube embankment, you will admire the Hungarian Parliament, a majestic building blending Byzantine and Neo-Gothic styles, whose radiant silhouette towers over the river.

Return to the boat at the end of the tour.
