Prague - Christmas Market to experience local flavors

Prague - Christmas Market to experience local flavors

Type: Classic

We’ll set out on foot for the center of Prague. Holiday markets pop up across the city at the beginning of December and run through the beginning of January. We'll visit the largest and most beautiful in the Old Town, where an immense Christmas tree, nativity scene, and small chalets await. This is also the perfect time to see the city's medieval-style astronomical clock—the most legendary in the world—where the Twelve Apostles appear hourly. Master clockmaker Mikulas of Kadan built the oldest part of the clock in 1410. Wooden statues were added in the 17th century, and the Apostles became the figures in the 18th century. Our sweet treat will be a tasting of the local pastry, known as trdelník, and a cup of mulled wine.
