Palerme

Duration: 4h · Type: Classic

Take a coach to discover Palermo, the capital of Sicily. Throughout its eventful history, the city has been occupied by the Greeks, Romans, Byzantines, Arabs, Normans, and Spanish before becoming part of the Kingdom of Two Sicilies. Because of the diverse cultures mixing together throughout the centuries, Palermo is a genuine melting pot of influences. Set out to discover all the must-see sites in the ancient city, such as the wide, tree-covered Via della Libertà, the Politeama Theatre, and the Piazza Marina. You'll visit the marvelous, surprising Palatine Chapel—listed as a UNESCO World Heritage Site and filled with gorgeous Byzantine-style mosaics. Then, you'll stroll through the historic downtown, where you'll admire the amber-colored outside of the cathedral and its baroque cupolas, the Quattro Canti, and the Praetorian Fountain with its mythological figures and animals.
