Villas

Duration: 4h · Type: Classic

Our panoramic tour along the Brenta River allows you to admire the beautiful countryside and charming villages in the region. During this excursion, we'll visit either Villa Pisani or Villa Foscari (depending on opening hours and availability). Villa Pisani is a veritable palace spread out over more than 27 acres. Its garden with a box-tree labyrinth was named the Most Beautiful Park in Italy in 2008. Villa Foscari, also known as La Malcontenta, was painstakingly restored during the better part of the 20th century to its former grandeur. Designed by architect Andrea Palladio, it is listed as a UNESCO World Heritage site.
