Pisa and its Monumental Treasures

Pisa and its Monumental Treasures

Duration: 4h · Type: Classic

In the heart of Tuscany, Pisa reveals an exceptional heritage where maritime history and artistic splendor blend with elegance. You will head to the famous Piazza dei Miracoli, a vast monumental complex listed as a UNESCO World Heritage Site, dominated by the iconic Leaning Tower. The visit will continue with the discovery of the magnificent Pisa Cathedral (Duomo), a masterpiece of Pisan Romanesque art, with its brilliant marble façades and richly sculpted decorations. Inside, you will admire the elegance of its columns, its impressive carved pulpit, and the beautiful mosaics that testify to the city's artistic influence during the Middle Ages. You will also visit the famous Baptistery, remarkable for its harmonious proportions, exceptional acoustics, and the finesse of its decorations blending Romanesque and Gothic influences. As you stroll along, you will also discover the lively streets and elegant squares of this former maritime republic, which long held a major role in the Mediterranean.
