Rovinj

Rovinj

Duration: 2h · Type: Classic

You'll discover Rovinj's Old Town and all its treasures on foot. The rocky islet was connected to the coast during the 13th century. Covered passageways crisscross its narrow streets. Vaulted ceilings adorned with ancient frescoes will surely remind you of Venice. We'll visit the Church of Saint Euphemia, a baroque treasure from the 18th century. Its soaring bell tower rising from the city center is the most striking symbol within the Istria Region. Built over the ruins of a Romanesque church and remodeled during the 17th century in the Baroque style, the church contains the relics of Saint Euphemia—relocated from Constantinople in the 9th century—in a beautiful marble sarcophagus. After the tour, enjoy free time to explore the city and its picturesque streets at your own pace.
