You will set off to discover the famous Costa Smeralda, one of the most beautiful stretches of coastline in Sardinia, renowned for its spectacular scenery and waters whose shades range from deep blue to emerald green. Nicknamed the “Emerald Coast”, this region boasts an exceptional Mediterranean setting where rocky shores, granite promontories, peaceful bays, small coves and long sandy beaches follow one another. During your panoramic tour, you will travel through unspoiled landscapes characterized by Mediterranean scrubland, wind-sculpted rocks and vegetation typical of the island. The route will take you in particular to Baia Sardinia, a charming seaside resort nestled in the heart of a remarkable natural environment. A photo stop will allow you to enjoy magnificent views over the Gulf of Arzachena, with its crystal-clear waters and coastal reliefs. In clear weather, you may also catch sight of the islands of the La Maddalena Archipelago, famous for their wild landscapes and turquoise waters.
