

Trapani

Trapani

Duration: 3h30 · Type: Classic

You'll visit Trapani, located at the western tip of Sicily. The splendid historic center of the city is overflowing with buildings and churches from various eras— the most majestic being the 15th-century cathedral. Explore the narrow streets within the Old Town and admire monuments such as the Ligny Tower, built between 1671 and 1672 on a strategic outlook to defend the city from the legendary Barbary pirates. Then, enjoy a stroll along the Mura di Tramontana, the ancient fortifications. Then, you will head to Erice, a charming medieval village perched on top of a hill. You will wander through its cobbled streets, discover its ancient churches, and enjoy spectacular views of the Tyrrhenian Sea.
