Practical information

- Degree of difficulty: grade 2 (on a scale of 0 to 5)
- The hikes proposed as part of this cruise programme include half day trips including 2-3 hour walks or full day trips with up to 5 hours of walking, and include varying degrees of ascents and/or descents (approximately 150m to 400m). As you participate in these walks, you will have the chance to see up close the natural and cultural sites which form an integral part of the cruise programme.
- The durations given in the programme itineraries are for guidance purposes only and do not include stops.
- In order to take part in the walks, you do not have to be an elite athlete; however you should be relatively fit and well-rested if you wish to enjoy your cruise to the full.
- Your equipment
- Rucksack
- It is essential that you bring a rucksack or back pack with you with a 30-litre maximum capacity. Your rucksack should easily hold a sweater, waterproof clothing, picnic items, a water bottle and sun protection - vital when you go out on any walk or ramble.
- Your choice of rucksack will have a great influence on your comfort and therefore your enjoyment during your walks. Ensure you bring a sturdy rucksack of an appropriate size which has padded straps and is made of a tough, waterproof material.
- Please note that no porterage is provided during walks.
- Shoes
- Good shoes must be comfortable above anything else and must not rub or damage your feet. Ensure you are happy with your shoes, and try them out before you travel.
- Whatever degree of difficulty might be envisaged for the walks, please ensure the soles of your shoes are high-quality. They should be well-stitched and you should not slip when walking on any type of terrain, be it wet or dry. We would advise you choose shoes fitted with shock-absorbing soles which will help you to avoid malleolus fractures, back injuries and damage to your joints.
- Clothing
- It is essential that a walker's kit should always include:
- ▪ undergarments with the correct degree of thickness and warmth appropriate for the type of walks envisaged
- ▪ lightweight trousers that dry quickly
- ▪ a fleece or woollen pullover
- ▪ a cagoule or rain cape
- ▪ hat or cap
- ▪ lightweight gloves and hat can be welcome items in early and late season
